## MEMORANDUM

<b>DATE</b>	February 9, 2017
<b>TO</b>	Members of the Dental Board of California
<b>FROM</b>	Sarah Wallace, Assistant Executive Officer Dental Board of California
<b>SUBJECT</b>	<b>Agenda Item 11:</b> Presentation from Linda Schneider, Supervising Deputy Attorney General, Regarding the Implementation of Senate Bill 467 (Hill, Chapter 656, Statutes of 2016); Complaint Prioritization Guidelines

### **Background:**

Linda Schneider, Supervising Deputy Attorney General, will provide a presentation to the Dental Board of California (Board) regarding the implementation of Senate Bill 467 (Hill, Chapter 656, Statutes of 2016).

The Business and Professions Code provides for the licensure and regulation of various professions and vocations by boards, bureaus, commissions, divisions, and other agencies within the Department of Consumer Affairs (Department). Agencies within the Department are required to investigate a consumer accusation or complaint against a licensee and, where appropriate, impose disciplinary action against a licensee. An agency within the Department may refer a complaint to the Attorney General or Office of Administrative Hearings for further action.

Senate Bill 467 requires the Attorney General to submit a report to the Department, the Governor, and the appropriate policy committees of the Legislature, on or before January 1, 2018, and on or before January 1 of each subsequent year, that includes specified information regarding the actions taken by the Attorney General pertaining to accusation matters relating to consumer complaints against a person whose profession or vocation is licensed by an agency within the department.

The Division of Investigation is established in law within the Department and requires investigators who have the authority of peace officers to be in the division to investigate the laws administered by the various boards comprising the department or commence directly or indirectly any criminal prosecution arising from any investigation conducted under these laws.

Senate Bill 467 requires, the Director of the Department, through the Division of Investigation, to implement "Complaint Prioritization Guidelines" for boards to utilize in prioritizing their complaint and investigative workloads and to determine the referral of complaints to the division and those that are retained by the health care boards for

investigation. Senate Bill 467 provided an exemption for the Medical Board of California from required utilization of these guidelines.

A copy of Senate Bill 467 is included in the meeting materials for reference.

**Action Requested:**

No Board action requested.

## Senate Bill No. 467

### CHAPTER 656

An act to amend Sections 5000, 5015.6, 7000.5, 7011, and 7071.6 of, to add Sections 312.2, 328, and 5100.5 to, and to repeal Section 7067.5 of, the Business and Professions Code, relating to professions and vocations.

[Approved by Governor October 8, 2015. Filed with  
Secretary of State October 8, 2015.]

#### LEGISLATIVE COUNSEL'S DIGEST

SB 467, Hill. Professions and vocations.

Existing law provides for the licensure and regulation of various professions and vocations by boards, bureaus, commissions, divisions, and other agencies within the Department of Consumer Affairs. Existing law requires an agency within the department to investigate a consumer accusation or complaint against a licensee and, where appropriate, the agency is authorized to impose disciplinary action against a licensee. Under existing law, an agency within the department may refer a complaint to the Attorney General or Office of Administrative Hearings for further action.

This bill would require the Attorney General to submit a report to the department, the Governor, and the appropriate policy committees of the Legislature, on or before January 1, 2018, and on or before January 1 of each subsequent year, that includes specified information regarding the actions taken by the Attorney General pertaining to accusation matters relating to consumer complaints against a person whose profession or vocation is licensed by an agency within the department.

Existing law creates the Division of Investigation within the department and requires investigators who have the authority of peace officers to be in the division to investigate the laws administered by the various boards comprising the department or commence directly or indirectly any criminal prosecution arising from any investigation conducted under these laws.

This bill would, in order to implement the Consumer Protection Enforcement Initiative of 2010, require the Director of Consumer Affairs, through the Division of Investigation, to implement "Complaint Prioritization Guidelines" for boards to utilize in prioritizing their complaint and investigative workloads and to determine the referral of complaints to the division and those that are retained by the health care boards for investigation. The bill would exempt the Medical Board of California from required utilization of these guidelines.

Under existing law, the California Board of Accountancy within the department is responsible for the licensure and regulation of accountants and is required to designate an executive officer. Existing law repeals these provisions on January 1, 2016.

This bill would extend the repeal date to January 1, 2020.

Existing law authorizes the California Board of Accountancy, after notice and hearing, to revoke, suspend, or refuse to renew any permit or certificate, as specified, or to censure the holder of that permit or certificate for unprofessional conduct.

This bill would additionally authorize the board, after notice and hearing, to permanently restrict or limit the practice of a licensee or impose a probationary term or condition on a license for unprofessional conduct. This bill would authorize a licensee to petition the board for reduction of a penalty or reinstatement of the privilege, as specified, and would provide that failure to comply with any restriction or limitation imposed by the board is grounds for revocation of the license.

Under existing law, the Contractors' State License Law, the Contractors' State License Board is responsible for the licensure and regulation of contractors and is required to appoint a registrar of contractors. Existing law repeals these provisions establishing the board and requiring it to appoint a registrar on January 1, 2016.

This bill would extend these repeal dates to January 1, 2020.

Existing law requires every applicant for an original contractor's license, the reactivation of an inactive license, or the reissuance or reinstatement of a revoked license to evidence financial solvency, as specified, and requires the registrar to deny the application of any applicant who fails to comply with that requirement. Existing law, as a condition precedent to the issuance, reinstatement, reactivation, renewal, or continued maintenance of a license, requires the applicant or licensee to file or have on file a contractor's bond in the sum of \$12,500.

This bill would repeal that evidence of financial solvency requirement and would instead require that bond to be in the sum of \$15,000.

*The people of the State of California do enact as follows:*

<b>TO</b>	Members of the Dental Board of California
<b>FROM</b>	Karen Fischer, Executive Officer Dental Board of California
<b>SUBJECT</b>	<b>Agenda Item 13:</b> Clarification of the Dental Board of California's Provisional Approval of the State University of Medicine and Pharmacy "Nicolae Testemitanu" of the Republic of Moldova's Faculty (School) of Dentistry Based on the Five and Six Year Curriculum Submitted by the School

The Dental Board of California (Board) provisionally approved The State University of Medicine and Pharmacy "Nicolae Testemitanu" of the Republic of Moldova Faculty (School) of Dentistry on December 2, 2016. Dental students who complete the six (6) year program are conferred a Doctor of Dental Surgery (DDS) degree, and may qualify for a dental license in California upon completion of additional licensure requirements.

Since the Board issued provisional approval of the school in December, Board staff has received inquiries from potential applicants regarding the school's two (2) year International Dental Program (IDP), and whether completion of the IDP would meet the requirements for licensure in California.

Since this is a recently approved foreign dental school, it is important to clarify these types of questions as soon as possible to avoid continued confusion.

The application from Moldova for approval of its dental education program by the DBC did not include any program other than the standard five (now six) year program. All supporting documentation for review was directed toward the standard program. During the onsite inspection and evaluation by the Site Visit Team, nothing was mentioned regarding a two year International Dentistry Program and, therefore, that program was not assessed by the Site Visit Team regarding its compliance with the DBC's Educational Standards.

Therefore, staff recommends that the school be notified that students attending an IDP at the State University of Medicine and Pharmacy "Nicolae Testemitanu" of the Republic of Moldova Faculty (School) of Dentistry will not meet the educational requirements for licensure in California.

<b>TO</b>	Members of the Dental Board of California
<b>FROM</b>	Leslie Kihara, Program Coordinator Dental Board of California
<b>SUBJECT</b>	<b>Agenda Item 14:</b> Report on the January 25, 2017 meeting of the Elective Facial Cosmetic Surgery Permit Credentialing Committee and Discussion and Possible Action to Accept the Elective Facial Cosmetic Surgery Permit Credentialing Committee Recommendation(s) for Issuance of Permit(s)

### Background:

On September 30, 2006, Governor Arnold Schwarzenegger signed Senate Bill 438 (Midgen, Chapter 9009, Statutes of 2006), enacting Business and Professions Code (Code) Section 1638.1, which took effect on January 1, 2007. Code Section 1638.1 authorizes the Dental Board of California (Board) to issue Elective Facial Cosmetic Surgery (EFCS) permits to qualified licensed dentists and establishes the EFCS Credentialing Committee (Committee) to review the qualifications of each applicant for a permit.

Pursuant to Code Section 1638.1(a)(2), an EFCS permit that is issued by the Board is valid for a period of two (2) years and is required to be renewed by the permit-holder at the time his or her dental license is renewed. Additionally, every six (6) years, prior to the renewal of the permit-holder's license and permit, the permit-holder is required to submit evidence acceptable to the Committee that he or she has maintained continued competence to perform the procedures authorized by the permit. The Committee is authorized to limit a permit consistent with Code Section 1638.1(e)(1) if it is not satisfied that the permit-holder has established continued competence.

Code Section 1638.1 does not expressly provide the requirements a permit-holder must meet to establish continuing competency, therefore it has become necessary to promulgate a regulation to implement, interpret, and make specific the provisions of Code Section 1638.1 for the purpose of clarifying the necessary requirements that would establish continuing competency for the EFCS permit.

### January 25, 2017 Update:

The Committee met on January 25, 2017 via teleconference to review two (2) applications for issuance of a permit.

**Recommendation for Issuance of EFCS Permit:**

The Committee considered an application from Olena Norris, DDS. The Committee has made the following recommendation regarding issuance of an EFCS permit to Dr. Norris:

Applicant: Olena Norris, DDS, applied for an EFCS permit with unlimited privileges for Category I (cosmetic contouring of the osteocartilaginous facial structure, which may include, but not limited to, rhinoplasty and otoplasty) and Category II (cosmetic soft tissue contouring or rejuvenation, which may include, but not limited to, facelift, blepharoplasty, facial skin resurfacing, or lip augmentation).

Based on its review of the application at the January 25, 2017 meeting, the Committee recommends the Board issue a permit for limited Category II (limited to facial neurotoxins and facial fillers) privileges.

The Committee also reviewed another application for Dr. G.T. The committee tabled this application until further documentation could be obtained from the applicant.

**Action Requested:**

Staff requests the Board take the following actions:

1. Accept the EFCS Credentialing Committee Report; and
2. Accept the Committee's recommendation to issue Olena Norris, DDS, an EFCS Permit for limited Category II privileges (limited to facial neurotoxins and facial fillers).
