December 2023 Statistics

	December
Number of Distinct Prescriptions	2,723,624
Number of Prescriptions Filled by Schedule	
Schedule II	1,227,109
Schedule III	232,657
Schedule IV	1,032,511
Schedule V	173,224
R	3
Over-the-counter product	59,718
Total	2,725,222

Note:

1. Each component of a compound is submitted as a separate prescription record. The number of distinct prescriptions rolls compound prescriptions into a single count.
2. The number of distinct prescriptions and the number of prescriptions filled by schedule will not be equal because a compound can consist of multiple drugs with varying schedules.
3. R = Not classified under the Controlled Substances Act; includes all other prescription drugs
