LEG 3 – End of 2-Year Legislative Session Summary

Sarah Wallace, Legislative and Regulatory Analyst provided a summary of the Legislation affecting the Board in the past 2 year session. AB 1524 Hayashi (Chapter 442) is currently being sponsored by the Dental Board of California regarding Examination Requirements in Dentistry.

The bills signed by the Governor:

AB 171 Jones (Chapter 418, Statutes of 2009)

DENTAL SERVICES: CREDIT

AB 171, sponsored by the Western Center on Law and Poverty, prohibits a dentist, or an employee of a dentist, from arranging for credit extended from a third party for a patient without providing a written notice and a written treatment plan. This bill prohibits the dentist, or dentist's employees, from arranging for credit while a patient has been administered or is under the influence of general anesthesia, conscious sedation, or nitrous oxide. The bill also prohibits a dentist, or employee, from charging for treatment not yet provided or for costs not yet incurred to a third party creditor without providing the patient with information regarding the treatment and services that are to be rendered and ensure that the patient receives the treatment plan. Dentists are required to refund the creditor any payment for any treatment that has not been rendered within 15 business days of the patient's request. A person who willfully violates the provisions of this bill is subject to specified civil liability. Because a willful violation of these requirements would be a crime, the bill imposes a state-mandated local program. This bill provides that no reimbursement is required by this act for a specified reason.

AB 403 Fuller (Chapter 104, Statutes of 2009)

DENTAL HYGIENISTS: EXAMINATION AND LICENSURE

AB 403, sponsored by the California Dental Hygienists Association, provides that satisfactory performance on the state clinical examination, or satisfactory completion of the dental hygiene examination given by the Western Regional Examining Board or any other clinical dental hygiene examination approved by the Dental Hygiene Committee of California satisfies the clinical examination requirement for licensure as a dental hygienist. The bill also provides that satisfactory completion of the National Dental Hygiene Board examination satisfies the national testing examination requirement for licensure as a dental hygienist.

AB 583 Hayashi (Chapter 436, Statutes of 2010)

HEALTH CARE PRACTITIONERS: DISCLOSURE OF EDUCATION

AB 583, co-sponsored by the California Medical Association and the California Society of Plastic Surgeons, requires health care practitioners to disclose the type of license and the highest level of academic degree he or she holds either in a prominent display in their office or in writing, in a specified format given to a patient on his or her initial office visit. The bill requires a physician and surgeon, and an osteopathic physician and surgeon, who are certified in a medical specialty, to also disclose, in either of those manners the name of the certifying board or association. The bill exempts specified health care practitioners, including persons working in certain licensed laboratories and health care facilities from these requirements.

AB 667 Block (Chapter 119, Statutes of 2009)

TOPICAL FLUORIDE: APPLICATION

AB 667, sponsored by the California Dental Association, specifies that services that are provided to elementary or postsecondary pupils specifically include fluoride varnish in the topical applications that may be used and allow application by any person, including a dental assistant. The bill also permits any person, including a dental assistant, to apply topical fluoride, including fluoride varnish, to the teeth of a person being served in a public health setting or program that is created or administered by a state or local governmental entity, as specified. It requires, with respect to services to which the bill applies, that they be provided in accordance with a prescription and protocol issued and established by a physician or dentist.

AB 1116 Carter (Chapter 509, Statutes of 2009)

COSMETIC SURGERY

AB 1116, sponsored by the author, enacted the Donda West Law, which prohibits the performance of an elective cosmetic surgery procedure on a patient unless, within 30 days prior to the procedure, the patient has received an appropriate physical examination and has received written clearance for

the procedure from, a licensed physician and surgeon, a certified nurse practitioner, or a licensed physician assistant, as specified, or, as applied to an elective facial cosmetic surgery procedure, a licensed dentist or licensed physician and surgeon. The bill requires the physical examination to include the taking of an appropriate medical history, to be confirmed on the day of the procedure. The bill provides that a violation of these provisions would not constitute a crime.

AB 1524 Hayashi (Chapter 446, Statutes of 2010)

DENTISTRY: EXAMINATION REQUIREMENTS

AB 1524, sponsored by the Dental Board of California, abolishes the clinical and written examination administered by the Dental Board of California board and replaces that examination with a portfolio examination of an applicant's competence to enter the practice of dentistry. The portfolio examination is conducted while the applicant is enrolled in a dental school program at a California board-approved dental school. The bill requires this examination to utilize uniform standards of clinical experiences and competencies, as approved by the board. At the end of that dental school program, the bill requires the passage of a final assessment of the applicant's portfolio, subject to certification by his or her dean and payment of a \$350 fee. The Board is required to adopt regulations to implement the portfolio examination before it may be conducted. The Board is required to provide specified notice on its Internet Web site and to the Legislature and the Legislative Counsel when the regulations have been adopted. The Board is required to oversee the portfolio examination and final assessment process, and to biennially review each dental school with regard to the standardization of the portfolio examination. The bill specifies examination standards. The Board is required to review the examination to ensure compliance with certain requirements applicable to all board examinations under the department's jurisdiction by December 1, 2016. The bill provides that the examination shall cease to be an option for applicants if the Board determines the examination fails to meet those requirements. The bill requires the board to submit its review and certification or determination to the Legislature and the department, by December 1, 2016.

AB 1659 Huber (Chapter 666, Statutes of 2010)

STATE GOVERNMENT: AGENCY REPEALS

AB 1659, sponsored by the author, creates the Joint Sunset Review Committee to identify and eliminate waste, duplication, and inefficiency in government agencies and to conduct a comprehensive analysis of every "eligible agency," as defined, to determine if the agency is still necessary and cost effective. The bill defines an "eligible agency" as an entity of state government, however denominated, for which a date for repeal has been established by statute on or after January 1, 2011. The bill requires each eligible agency scheduled for repeal to submit a report to the committee containing specified information. The bill requires the committee to take public testimony and evaluate the eligible agency prior to the date the agency is scheduled to be repealed, and requires that an eligible agency be eliminated unless the Legislature enacts a law to extend, consolidate, or reorganize the agency. The bill specifies the composition of the committee, to be appointed by the Senate Committee on Rules and the Speaker of the Assembly, and certain aspects of its operating procedure.

AB 2130 Huber (Chapter 670, Statutes of 2010)

PROFESSIONS AND VOCATIONS: SUNSET REVIEW

AB 2130, sponsored by the author, abolishes the Joint Committee on Boards, Commissions, and Consumer Protection and makes other conforming changes. The bill requires the Joint Sunset Review Committee to review all eligible agencies, as specified. The bill requires the committee to evaluate and make a report on whether an agency should be terminated or its functions revised or consolidated. The bill requires that the report shall be available to the public and the Legislature and imposes a sunset date of January 1, 2013, on the State Race Track Leasing Commission, the Capitol Area Committee, the Continuing Care Advisory Committee, and the California Recreational Trails Committee. The bill provides that its provisions would not become operative unless AB 1659 of the 2009-10 Regular Session is enacted and establishes the Joint Sunset Review Committee.

Kristy Schliedje, Legal Counsel, reiterated that if the Board fails its Sunset Review, it will be abolished. Unlike years before, when if it failed it became a "Bureau", now, it requires a Bill to be authored in order to reinstate the Board.

AB 2699 Bass (Chapter 270, Statutes of 2010)

HEALING ARTS: LICENSURE EXEMPTION

AB 2699, sponsored by the author, provides an exemption, until January 1, 2014, from the licensure and regulation requirements for a health care practitioner, licensed or certified in good standing in another state or states, who offers or provides health care services for which they are licensed or certified through a sponsored event, as defined, (1) to uninsured or underinsured persons, (2) on a short-term voluntary basis, (3) in association with a sponsoring entity that registers with the applicable healing arts board, and provides specified information to the county health department of the county in which the health care services will be provided, and (4) without charge to the recipient or a 3rd party on behalf of the recipient, as specified. The bill also requires an exempt health care practitioner to obtain prior authorization to provide these services from the applicable licensing board, and to satisfy other specified requirements, including payment of a fee as determined by the applicable licensing board. The bill requires the applicable licensing board to notify the sponsoring entity, of the sponsored event whether the board approves or denies a request for authorization to provide these services within 20 days of receipt of the request. The bill prohibits a contract of liability insurance issued, amended, or renewed on or after January 1, 2011, from excluding coverage of these practitioners or a sponsoring entity for providing care under these provisions.

SB 294 Negrete McLeod (Chapter 695, Statutes of 2010)

PROFESSIONS AND VOCATIONS: REGULATIONS

SB 294, sponsored by the author, specifies that the provisions relating to the California Board of Occupational Therapy become inoperative and be repealed on January 1, 2014, and the provisions concerning the Physician Assistant Committee of the Medical Board of California become inoperative and be repealed on January 1, 2013. The bill specifies that the provisions related to the Medical Board of California, the State Board of Optometry, and the Respiratory Care Board of California are repealed on January 1, 2014. The bill specifies that the provisions related to the Speech-Language Pathology and Audiology and Hearing Aid Dispensers Board and the Board of Psychology are repealed on January 1, 2014. The bill specifies that the provisions related to the Acupuncture Board and the Board of Behavioral Sciences are repealed on January 1, 2013. The bill specifies that the provisions related to the Board of Registered Nursing are repealed on January 1, 2012. The bill specifies that the provisions related to the Naturopathic Medicine Committee within the Osteopathic Medical Board of California are repealed on January 1, 2014. The bill specifies that the provisions relating to the California Board of Accountancy, the California Architects Board, the Landscape Architects Technical Committee, Professional Fiduciaries Bureau, the Board for Professional Engineers and Land Surveyors, and the State Board of Guide Dogs for the Blind are inoperative and repealed on January 1, 2012. The bill authorizes the California Architects Board to implement an intern development program until July 1, 2012. This bill specifies that the provisions related to the Department of Pesticide Regulation a Structural Pest Control Board are inoperative and repealed on January 1, 2015. The bill specifies that the provisions related to the Contractors' State License Board are repealed on January 1, 2012. The bill specifies that the provisions related to the Board of Barbering and Cosmetology are repealed on January 1, 2014. The bill specifies that the provisions related to the Court Reporters Board of California are repealed on January 1, 2013. The bill specifies that the provisions related to the State Athletic Commission are repealed on January 1, 2012. The bill specifies that the California Private Postsecondary Education Act of 2009 is repealed on January 1, 2015.

SB 442 Ducheny (Chapter 502, Statutes of 2010)

CLINIC CORPORATION: LICENSING

SB 442, co-sponsored by the California Family Health Council, the California Primary Care Association, and the Planned Parenthood Affiliates of California, defines a "clinic corporation" as a

nonprofit organization that operates one or more primary care clinics or mobile health care units. This bill allows a clinic corporation, on behalf of an eligible primary care clinic, to submit an affiliate clinic application, to license a primary care clinic or a mobile health care unit as an affiliate clinic if certain conditions are met. The bill designates the clinic corporation as the administrative headquarters for specified purposes for all of the affiliated clinics operated by that clinic corporation and allows the clinic corporation to submit a single report of change and a single payment for all clinic license renewal fees that are due within the same license renewal month for all of the primary care clinics operated by the clinic corporation.

SB 599 Negrete McLeod (Chapter 642, Statutes of 2009)

WORKFORCE DEVELOPMENT

SB 599, sponsored by the author, requires the successor agency to the former Bureau for Private Postsecondary and Vocational Education in the Department of Consumer Affairs to transmit any available data regarding school performance it receives from any schools under its jurisdiction to the California Postsecondary Education Commission. This bill, for purposes of disbursing economic recovery funds recently made available as part of the American Recovery and Reinvestment Act of 2009 to workforce development programs, authorizes local workforce investment boards to work directly with institutions of higher education and other training providers approved by state or federal agencies, including private postsecondary institutions that participate in certain federal student financial aid programs, to quickly design education and training to fit the needs of the job seekers and employers they are serving. The bill requires, for purposes of the California Workforce Investment Act and any laws governing workforce development programs provided for under the federal American Recovery and Reinvestment Act of 2009, that entrance into a registered apprenticeship program is to be considered placement into a job. Existing law creates the California Dental Corps Loan Repayment Program of 2002 in the Dental Board of California, and transferred \$3,000,000 from the State Dentistry Fund to the Dentally Underserved Account of that fund for 3 specified fiscal years, through the 2005-06 fiscal year for purposes of the program. The program assists dentists who practice in an underserved area with loan repayment pursuant to an agreement between the board and the dentist, as specified. This bill requires the board, on or after July 1, 2010, to extend the program and distribute the money remaining in the account until July 1, 2012.

SB 630 Steinberg (Chapter 604, Statutes of 2009)

HEALTH CARE COVERAGE: CLEFT PALATE RECONSTRUCTIVE SURGERY: DENTAL AND ORTHODONTIC SERVICES

SB 630, sponsored by the California Society of Plastic Surgeons, defines reconstructive surgery, as of July 1, 2010, to include medically necessary dental or orthodontic services that are an integral part of reconstructive surgery for cleft palate procedures. Because a willful violation of this provision by a health care service plan would be a crime, the bill imposed a state-mandated local program. The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement. This bill provides that no reimbursement is required by this act for a specified reason.

SB 700 Negrete McLeod (Chapter 505, Statutes of 2010)

HEALING ARTS: PEER REVIEW

SB 700, sponsored by the author, defines the term "peer review" for purposes of those provisions. This bill requires specified persons to file an "805" report with a licensing board within 15 days after a peer review body makes a decision or recommendation regarding the disciplinary action to be taken against a licentiate of that board based on the peer review body's determination, following formal investigation, that the licentiate may have engaged in various acts, including incompetence, substance abuse, excessive prescribing or furnishing of controlled substances, or sexual misconduct, among other things. The bill authorizes the board to inspect and copy certain documents in the record of that investigation. This bill requires the board to maintain the "805" report electronically. The bill specifies that the boards have the authority to also inspect, as permitted by other applicable law, any certified copy of medical records in the record of the disciplinary

proceeding. Under this bill, if a court finds, in a final judgment, that the peer review resulting in the "805" report was conducted in bad faith and the licensee who is the subject of the report notifies the board of that finding, the board is required to include that finding in the licensee's central file.

SB 1172 Negrete McLeod (Chapter 517, Statutes of 2010)

REGULATORY BOARDS: DIVERSION PROGRAMS

SB 1172, sponsored by the author, specifies individuals or entities contracting with the department or any board within the department for the provision of services relating to the treatment and rehabilitation of licentiates impaired by alcohol or dangerous drugs are required to keep records and documents related to the treatment and rehabilitation for three years. The bill also specifies that the records and documents are required to be kept confidential and are not subject to discovery or subpoena unless otherwise expressly provided by law. This bill requires a healing arts board to order a licensee to cease practice if the licensee tests positive for any prohibited substance under the terms of the licensee's probation or diversion program. The bill authorizes a healing art board to adopt regulations authorizing it to order a licensee on probation or in a diversion program to cease practice for major violations and when the board orders a licensee to undergo a clinical diagnostic evaluation, as specified. The provisions of this bill do not affect the Board of Registered Nursing.

SUMMARY

Last legislative session, a new law was enacted that established the Joint Sunset Review Committee. The Committee was established for the purposes of identifying and eliminating waste, duplication, and inefficiency in state agencies and conducting comprehensive analysis of every "eligible agency" to determine if the agency is still necessary and cost effective. Existing law defines an "eligible agency" as an entity of state government for which a repeal date has been established by statute on or after January 1, 2011. The Committee is required to take public testimony and evaluate the agency prior to the agency's repeal date. The agency is required to be eliminated unless the Legislature enacts a law to extend, consolidate, or reorganize the agency.

This bill declares the intent of the Legislature to enact legislation that establishes repeal dates for various agencies for the purpose of increasing the number of agencies that meet the definition of an "eligible agency" that would be eligible for review by the Joint Sunset Review Committee.

ANALYSIS

This is currently a spot bill. Staff anticipates that repeal dates for various state agencies will be added to this bill. As introduced, this bill does not directly affect the repeal date of the Dental Board of California (Board). The repeal date for the Board is currently set for January 1, 2012 as established by Assembly Bill 1545 (Chapter 38, Statutes of 2008). The Board is scheduled to be reviewed by the Joint Sunset Review Committee in March 2011.

ASSEMBLY BILL

No. 28

Introduced by Assembly Member Huber

December 6, 2010

An act relating to state agencies.

LEGISLATIVE COUNSEL'S DIGEST

AB 28, as introduced, Huber. State agencies: repeal.

Existing law establishes the Joint Sunset Review Committee for the purpose of identifying and eliminating waste, duplication, and inefficiency in government agencies and conducting a comprehensive analysis of every "eligible agency," as defined, to determine if the agency is still necessary and cost effective. Existing law defines an "eligible agency" as an entity of state government, however denominated, for which a date for repeal has been established by statute on or after January 1, 2011. Existing law requires the committee to take public testimony and evaluate the eligible agency prior to the date the agency is scheduled to be repealed, and requires that an eligible agency be eliminated unless the Legislature enacts a law to extend, consolidate, or reorganize the agency.

This bill would declare the intent of the Legislature to enact legislation that would establish repeal dates for various agencies for the purpose of increasing the number of agencies that meet the definition of an "eligible agency" that is eligible for review by the Joint Sunset Review Committee.

Vote: majority. Appropriation: no. Fiscal committee: no.
State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. It is the intent of the Legislature to enact
2 legislation that would establish repeal dates for various agencies
3 for the purpose of increasing the number of agencies that are an
4 “eligible agency” subject to review by the Joint Sunset Review
5 Committee as that term is defined in subdivision (a) of Section
6 9147.7 of the Government Code.

SUMMARY

The Administrative Procedure Act governs the procedure for the adoption, amendment, or repeal of regulations by state agencies and for the review of those regulatory actions by the Office of Administrative Law. Under existing law, a regulation or an order of repeal of a regulation becomes effective on the 30th day after it is filed with the Secretary of State, except as provided.

This bill would require that a regulation or an order of repeal of a regulation become effective, instead, on January 1 next following a 90-day period after the date it is filed with the Secretary of State, except as provided.

ANALYSIS

The current rulemaking process takes an estimated 12 to 18 months to complete. The Dental Board of California's (Board) highest priority is the protection of the public when exercising its licensing, regulatory, and disciplinary functions. The primary methods by which the Board achieves this goal are: issuing licenses to eligible applicants; investigating complaints against licensees and disciplining licensees for violating of the Dental Practice Act (DPA); monitoring licensees whose license has been placed on probation; and managing the Diversion Program for licensees, whose practice may be impaired due to abuse of dangerous drugs or alcohol. The Board is authorized to adopt reasonably necessary rules to implement, interpret, or make specific the statutes that govern the Dental Practice Act. Extending the time before a regulation may become effective could unnecessarily endanger the public.

SUMMARY

This bill requires licensed chiropractors, dentists, physicians, podiatric doctors, osteopaths, nurses, vocational nurses, psychologists, optometrists, physician assistants, and naturopaths to indicate the appropriate degree or certification after their names in all advertising. This bill requires the Medical Board of California to adopt regulations by January 1, 2013 that specify the level of physician availability needed in clinics that use lasers for elective cosmetic procedures. The bill also requires the Medical Board to post an “easy to understand” fact sheet on cosmetic procedures to educate the public on the risks.

This bill adds language that would allow surgical clinics owned in whole or in part by a physician to be eligible for licensure by the Department of Public Health, which has not been allowed since the 2007 court decision of Capen v. Shrewry. This bill deems any Medical Board accredited outpatient setting as licensed by the Department of Public Health, subjecting the outpatient setting to license fee requirements of the Department of Public Health. The bill requires the Department of Public Health to notify the Medical Board of any action taken against an outpatient setting. If the Department of Public Health’s action is a revocation or suspension, that action shall immediately void the accreditation of the outpatient setting with the Medical Board. The Medical Board will be required to provide the Department of Public Health an updated list of accredited outpatient settings every three months. This bill includes facilities that offer in vitro fertilization within the definition of “outpatient setting” and authorizes the Medical Board to adopt regulations it deems necessary for standards of in vitro fertilization clinics. This bill requires the Medical Board to notify the public of all accredited outpatient settings. This bill makes several changes to the outpatient setting accreditation procedure requirements. This bill states that the Legislature intends for the Department of Public

Health to include an inspection of a hospital's peer review process as a part of its normal hospital inspections conducted under existing regulations.

ANALYSIS

As introduced, this bill requires dentists to use the designation of "DDS" or "DMD" immediately following the dentist's name in all advertising. This bill may affect the Dental Board's Oral and Maxillofacial Surgery (OMS) permit holders who own or are employed by ambulatory surgical centers. OMS permit holders are licensed by the Medical Board of California as physicians and surgeons and have a dental license in another state. This bill deems Medical Board accredited ambulatory surgical centers as licensed by the Department of Public Health and are subject to its license fees. This bill only affects the permit for the actual site and not the permit-holder.

Opposition: None on file as of 2/11/2011.

BOARD POSITION

The Committee may take action to support, oppose, watch, or remain neutral regarding Senate Bill 100.

Introduced by Senator PriceJanuary 11, 2011

An act to amend Sections 651 and 2023.5 of, and to add Section 2027.5 to, the Business and Professions Code, and to amend Sections 1204, 1248, 1248.15, 1248.2, 1248.25, 1248.35, 1248.5, 1248.55, and 1279 of, and to add Sections 1204.6, 1204.7, and 1204.8 to, the Health and Safety Code, relating to healing arts.

LEGISLATIVE COUNSEL'S DIGEST

SB 100, as introduced, Price. Healing arts.

(1) Existing law provides for the licensure and regulation of various healing arts practitioners and requires certain of those practitioners to use particular designations following their names in specified instances. Existing law provides that it is unlawful for healing arts licensees to disseminate or cause to be disseminated any form of public communication, as defined, containing a false, fraudulent, misleading, or deceptive statement, claim, or image to induce the rendering of services or the furnishing of products relating to a professional practice or business for which they are licensed. Existing law authorizes advertising by these healing arts licensees to include certain general information. A violation of these provisions is a misdemeanor.

This bill would require certain healing arts licensees to include in advertisements, as defined, certain words or designations following their names indicating the particular educational degree they hold or healing art they practice, as specified. By changing the definition of a crime, this bill would impose a state-mandated local program.

(2) Existing law requires the Medical Board of California, in conjunction with the Board of Registered Nursing, and in consultation with the Physician Assistant Committee and professionals in the field,

to review issues and problems relating to the use of laser or intense light pulse devices for elective cosmetic procedures by their respective licensees.

This bill would require the board to adopt regulations by January 1, 2013, regarding the appropriate level of physician availability needed within clinics or other settings using certain laser or intense pulse light devices for elective cosmetic procedures.

(3) Existing law requires the Medical Board of California to post on the Internet specified information regarding licensed physicians and surgeons.

This bill would require the board to post on its Internet Web site an easy-to-understand factsheet to educate the public about cosmetic surgery and procedures, as specified.

(4) Under existing law, the State Department of Public Health licenses and regulates clinics, including surgical clinics, as defined.

This bill would expand the definition of surgical clinics to include a surgical clinic owned in whole or in part by a physician and would require, until the department promulgates regulations for the licensing of surgical clinics, the department to use specified federal conditions of coverage.

(5) Existing law requires the Medical Board of California, as successor to the Division of Licensing of the Medical Board of California, to adopt standards for accreditation of outpatient settings, as defined, and, in approving accreditation agencies to perform this accreditation, to ensure that the certification program shall, at a minimum, include standards for specified aspects of the settings' operations. Existing law makes a willful violation of these and other provisions relating to outpatient settings a crime.

This bill would include, among those specified aspects, the submission for approval by an accreditation agency at the time of accreditation, a detailed plan, standardized procedures, and protocols to be followed in the event of serious complications or side effects from surgery. The bill would also modify the definition of "outpatient setting" to include facilities that offer in vitro fertilization, as defined. By changing the definition of a crime, this bill would impose a state-mandated local program.

Existing law also requires the Medical Board of California to obtain and maintain a list of all accredited, certified, and licensed outpatient settings, and to notify the public, upon inquiry, whether a setting is

accredited, certified, or licensed, or whether the setting's accreditation, certification, or license has been revoked.

This bill would require the board, absent inquiry, to notify the public whether a setting is accredited, certified, or licensed, or the setting's accreditation, certification, or license has been revoked, suspended, or placed on probation, or the setting has received a reprimand by the accreditation agency. The bill would also require the board to give the department notice of all accredited, certified, and licensed outpatient settings and to notify the department of accreditation standards, changes in the accreditation of an outpatient setting, or any disciplinary actions and corrective actions.

Existing law requires accreditation of an outpatient setting to be denied if the setting does not meet specified standards. Existing law authorizes an outpatient setting to reapply for accreditation at any time after receiving notification of the denial.

This bill would require the accreditation agency to immediately report to the Medical Board of California if the outpatient setting's certificate for accreditation has been denied. Because a willful violation of this requirement would be a crime, the bill would impose a state-mandated local program. The bill would also apply the denial of accreditation, or the revocation or suspension of accreditation by one accrediting agency to all other accrediting agencies.

Existing law authorizes the Medical Board of California, as successor to the Division of Medical Quality of the Medical Board of California, or an accreditation agency to, upon reasonable prior notice and presentation of proper identification, enter and inspect any accredited outpatient setting to ensure compliance with, or investigate an alleged violation of, any standard of the accreditation agency or any provision of the specified law.

This bill would delete the notice and identification requirements. The bill would require that every outpatient setting that is accredited be inspected by the accreditation agency, as specified, and would specify that it may also be inspected by the board and the department, as specified. The bill would require the board to ensure that accreditation agencies inspect outpatient settings.

Existing law authorizes the Medical Board of California to terminate approval of an accreditation agency if the agency is not meeting the criteria set by the board.

This bill would also authorize the board to issue a citation to the agency, including an administrative fine, in accordance with a specified system established by the board.

Existing law authorizes the Medical Board of California to evaluate the performance of an approved accreditation agency no less than every 3 years, or in response to complaints against an agency, or complaints against one or more outpatient settings accreditation by an agency that indicates noncompliance by the agency with the standards approved by the board.

This bill would make that evaluation mandatory.

(5) Existing law provides for the licensure and regulation of health facilities by the State Department of Public Health and requires the department to periodically inspect those facilities, as specified.

This bill would state the intent of the Legislature that the department, as part of its periodic inspections of acute care hospitals, inspect the peer review process utilized by those hospitals.

(6) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.

The people of the State of California do enact as follows:

1 SECTION 1. (a) It is the intent of the Legislature to clarify
2 Capen v. Shewry (2007) 147 Cal.App.4th 680 and give surgical
3 clinics that are owned in whole or in part by physicians the option
4 to be licensed by the State Department of Public Health. It is further
5 the intent of the Legislature that this clarification shall not be
6 construed to permit the practice of medicine in prohibition of the
7 corporate practice of medicine pursuant to Section 2400 of the
8 Business and Professions Code.

9 (b) It is the further intent of the Legislature to continue to give
10 physicians and surgeons the option to obtain licensure from the
11 State Department of Public Health if they are operating surgical
12 clinics, or an accreditation through an accrediting agency approved
13 by the Medical Board of California pursuant to Chapter 1.3

1 (commencing with Section 1248) of Division 2 of the Health and
2 Safety Code.

3 (c) It is the further intent of the Legislature, in order to ensure
4 patient protection, to provide appropriate oversight by the State
5 Department of Public Health, and to allow corrective action to be
6 taken against an outpatient setting if there is reason to believe that
7 there may be risk to patient safety, health, or welfare, that an
8 outpatient setting shall be deemed licensed by the State Department
9 of Public Health.

10 SEC. 2. Section 651 of the Business and Professions Code is
11 amended to read:

12 651. (a) It is unlawful for any person licensed under this
13 division or under any initiative act referred to in this division to
14 disseminate or cause to be disseminated any form of public
15 communication containing a false, fraudulent, misleading, or
16 deceptive statement, claim, or image for the purpose of or likely
17 to induce, directly or indirectly, the rendering of professional
18 services or furnishing of products in connection with the
19 professional practice or business for which he or she is licensed.
20 A "public communication" as used in this section includes, but is
21 not limited to, communication by means of mail, television, radio,
22 motion picture, newspaper, book, list or directory of healing arts
23 practitioners, Internet, or other electronic communication.

24 (b) A false, fraudulent, misleading, or deceptive statement,
25 claim, or image includes a statement or claim that does any of the
26 following:

27 (1) Contains a misrepresentation of fact.

28 (2) Is likely to mislead or deceive because of a failure to disclose
29 material facts.

30 (3) (A) Is intended or is likely to create false or unjustified
31 expectations of favorable results, including the use of any
32 photograph or other image that does not accurately depict the
33 results of the procedure being advertised or that has been altered
34 in any manner from the image of the actual subject depicted in the
35 photograph or image.

36 (B) Use of any photograph or other image of a model without
37 clearly stating in a prominent location in easily readable type the
38 fact that the photograph or image is of a model is a violation of
39 subdivision (a). For purposes of this paragraph, a model is anyone
40 other than an actual patient, who has undergone the procedure

1 being advertised, of the licensee who is advertising for his or her
2 services.

3 (C) Use of any photograph or other image of an actual patient
4 that depicts or purports to depict the results of any procedure, or
5 presents “before” and “after” views of a patient, without specifying
6 in a prominent location in easily readable type size what procedures
7 were performed on that patient is a violation of subdivision (a).
8 Any “before” and “after” views (i) shall be comparable in
9 presentation so that the results are not distorted by favorable poses,
10 lighting, or other features of presentation, and (ii) shall contain a
11 statement that the same “before” and “after” results may not occur
12 for all patients.

13 (4) Relates to fees, other than a standard consultation fee or a
14 range of fees for specific types of services, without fully and
15 specifically disclosing all variables and other material factors.

16 (5) Contains other representations or implications that in
17 reasonable probability will cause an ordinarily prudent person to
18 misunderstand or be deceived.

19 (6) Makes a claim either of professional superiority or of
20 performing services in a superior manner, unless that claim is
21 relevant to the service being performed and can be substantiated
22 with objective scientific evidence.

23 (7) Makes a scientific claim that cannot be substantiated by
24 reliable, peer reviewed, published scientific studies.

25 (8) Includes any statement, endorsement, or testimonial that is
26 likely to mislead or deceive because of a failure to disclose material
27 facts.

28 (c) Any price advertisement shall be exact, without the use of
29 phrases, including, but not limited to, “as low as,” “and up,”
30 “lowest prices,” or words or phrases of similar import. Any
31 advertisement that refers to services, or costs for services, and that
32 uses words of comparison shall be based on verifiable data
33 substantiating the comparison. Any person so advertising shall be
34 prepared to provide information sufficient to establish the accuracy
35 of that comparison. Price advertising shall not be fraudulent,
36 deceitful, or misleading, including statements or advertisements
37 of bait, discount, premiums, gifts, or any statements of a similar
38 nature. In connection with price advertising, the price for each
39 product or service shall be clearly identifiable. The price advertised
40 for products shall include charges for any related professional

1 services, including dispensing and fitting services, unless the
2 advertisement specifically and clearly indicates otherwise.

3 (d) Any person so licensed shall not compensate or give anything
4 of value to a representative of the press, radio, television, or other
5 communication medium in anticipation of, or in return for,
6 professional publicity unless the fact of compensation is made
7 known in that publicity.

8 (e) Any person so licensed may not use any professional card,
9 professional announcement card, office sign, letterhead, telephone
10 directory listing, medical list, medical directory listing, or a similar
11 professional notice or device if it includes a statement or claim
12 that is false, fraudulent, misleading, or deceptive within the
13 meaning of subdivision (b).

14 (f) Any person so licensed who violates this section is guilty of
15 a misdemeanor. A bona fide mistake of fact shall be a defense to
16 this subdivision, but only to this subdivision.

17 (g) Any violation of this section by a person so licensed shall
18 constitute good cause for revocation or suspension of his or her
19 license or other disciplinary action.

20 (h) Advertising by any person so licensed may include the
21 following:

22 (1) A statement of the name of the practitioner.

23 (2) A statement of addresses and telephone numbers of the
24 offices maintained by the practitioner.

25 (3) A statement of office hours regularly maintained by the
26 practitioner.

27 (4) A statement of languages, other than English, fluently spoken
28 by the practitioner or a person in the practitioner's office.

29 (5) (A) A statement that the practitioner is certified by a private
30 or public board or agency or a statement that the practitioner limits
31 his or her practice to specific fields.

32 (i) For the purposes of this section, a dentist licensed under
33 Chapter 4 (commencing with Section 1600) may not hold himself
34 or herself out as a specialist, or advertise membership in or
35 specialty recognition by an accrediting organization, unless the
36 practitioner has completed a specialty education program approved
37 by the American Dental Association and the Commission on Dental
38 Accreditation, is eligible for examination by a national specialty
39 board recognized by the American Dental Association, or is a

1 diplomate of a national specialty board recognized by the American
2 Dental Association.

3 (ii) A dentist licensed under Chapter 4 (commencing with
4 Section 1600) shall not represent to the public or advertise
5 accreditation either in a specialty area of practice or by a board
6 not meeting the requirements of clause (i) unless the dentist has
7 attained membership in or otherwise been credentialed by an
8 accrediting organization that is recognized by the board as a bona
9 fide organization for that area of dental practice. In order to be
10 recognized by the board as a bona fide accrediting organization
11 for a specific area of dental practice other than a specialty area of
12 dentistry authorized under clause (i), the organization shall
13 condition membership or credentialing of its members upon all of
14 the following:

15 (I) Successful completion of a formal, full-time advanced
16 education program that is affiliated with or sponsored by a
17 university based dental school and is beyond the dental degree at
18 a graduate or postgraduate level.

19 (II) Prior didactic training and clinical experience in the specific
20 area of dentistry that is greater than that of other dentists.

21 (III) Successful completion of oral and written examinations
22 based on psychometric principles.

23 (iii) Notwithstanding the requirements of clauses (i) and (ii), a
24 dentist who lacks membership in or certification, diplomate status,
25 other similar credentials, or completed advanced training approved
26 as bona fide either by an American Dental Association recognized
27 accrediting organization or by the board, may announce a practice
28 emphasis in any other area of dental practice only if the dentist
29 incorporates in capital letters or some other manner clearly
30 distinguishable from the rest of the announcement, solicitation, or
31 advertisement that he or she is a general dentist.

32 (iv) A statement of certification by a practitioner licensed under
33 Chapter 7 (commencing with Section 3000) shall only include a
34 statement that he or she is certified or eligible for certification by
35 a private or public board or parent association recognized by that
36 practitioner's licensing board.

37 (B) A physician and surgeon licensed under Chapter 5
38 (commencing with Section 2000) by the Medical Board of
39 California may include a statement that he or she limits his or her
40 practice to specific fields, but shall not include a statement that he

1 or she is certified or eligible for certification by a private or public
2 board or parent association, including, but not limited to, a
3 multidisciplinary board or association, unless that board or
4 association is (i) an American Board of Medical Specialties
5 member board, (ii) a board or association with equivalent
6 requirements approved by that physician and surgeon's licensing
7 board, or (iii) a board or association with an Accreditation Council
8 for Graduate Medical Education approved postgraduate training
9 program that provides complete training in that specialty or
10 subspecialty. A physician and surgeon licensed under Chapter 5
11 (commencing with Section 2000) by the Medical Board of
12 California who is certified by an organization other than a board
13 or association referred to in clause (i), (ii), or (iii) shall not use the
14 term "board certified" in reference to that certification, unless the
15 physician and surgeon is also licensed under Chapter 4
16 (commencing with Section 1600) and the use of the term "board
17 certified" in reference to that certification is in accordance with
18 subparagraph (A). A physician and surgeon licensed under Chapter
19 5 (commencing with Section 2000) by the Medical Board of
20 California who is certified by a board or association referred to in
21 clause (i), (ii), or (iii) shall not use the term "board certified" unless
22 the full name of the certifying board is also used and given
23 comparable prominence with the term "board certified" in the
24 statement.

25 For purposes of this subparagraph, a "multidisciplinary board
26 or association" means an educational certifying body that has a
27 psychometrically valid testing process, as determined by the
28 Medical Board of California, for certifying medical doctors and
29 other health care professionals that is based on the applicant's
30 education, training, and experience.

31 For purposes of the term "board certified," as used in this
32 subparagraph, the terms "board" and "association" mean an
33 organization that is an American Board of Medical Specialties
34 member board, an organization with equivalent requirements
35 approved by a physician and surgeon's licensing board, or an
36 organization with an Accreditation Council for Graduate Medical
37 Education approved postgraduate training program that provides
38 complete training in a specialty or subspecialty.

39 The Medical Board of California shall adopt regulations to
40 establish and collect a reasonable fee from each board or

1 association applying for recognition pursuant to this subparagraph.
2 The fee shall not exceed the cost of administering this
3 subparagraph. Notwithstanding Section 2 of Chapter 1660 of the
4 Statutes of 1990, this subparagraph shall become operative July
5 1, 1993. However, an administrative agency or accrediting
6 organization may take any action contemplated by this
7 subparagraph relating to the establishment or approval of specialist
8 requirements on and after January 1, 1991.

9 (C) A doctor of podiatric medicine licensed under Chapter 5
10 (commencing with Section 2000) by the Medical Board of
11 California may include a statement that he or she is certified or
12 eligible or qualified for certification by a private or public board
13 or parent association, including, but not limited to, a
14 multidisciplinary board or association, if that board or association
15 meets one of the following requirements: (i) is approved by the
16 Council on Podiatric Medical Education, (ii) is a board or
17 association with equivalent requirements approved by the
18 California Board of Podiatric Medicine, or (iii) is a board or
19 association with the Council on Podiatric Medical Education
20 approved postgraduate training programs that provide training in
21 podiatric medicine and podiatric surgery. A doctor of podiatric
22 medicine licensed under Chapter 5 (commencing with Section
23 2000) by the Medical Board of California who is certified by a
24 board or association referred to in clause (i), (ii), or (iii) shall not
25 use the term "board certified" unless the full name of the certifying
26 board is also used and given comparable prominence with the term

34 improvement activities.*

35 *(i) If, after an inspection authorized pursuant to this section,
36 the department finds a violation of a standard of the facility's
37 accrediting agency or any provision of this chapter or the
38 regulations promulgated thereunder, or if the facility fails to pay

3 *contested and a fine is not paid, the full amount of the assessed*
4 *fine shall be added to the renewal fee established under Section*
5 *1248.6. Approval of an agency shall not be renewed without*

32 *the ~~division~~ board shall provide the outpatient setting with notice*
33 *of its action, the reason underlying it, and a subsequent opportunity*

5 amended to read:

6 1279. (a) Every health facility for which a license or special
7 permit has been issued shall be periodically inspected by the
8 department, or by another governmental entity under contract with
9 the department. The frequency of inspections shall vary, depending
10 upon the type and complexity of the health facility or special
11 service to be inspected, unless otherwise specified by state or
12 federal law or regulation. The inspection shall include participation
13 by the California Medical Association consistent with the manner
14 in which it participated in inspections, as provided in Section 1282
15 prior to September 15, 1992.

16 (b) Except as provided in subdivision (c), inspections shall be
17 conducted no less than once every two years and as often as
18 necessary to ensure the quality of care being provided.

19 (c) For a health facility specified in subdivision (a), (b), or (f)
20 of Section 1250, inspections shall be conducted no less than once
21 every three years, and as often as necessary to ensure the quality
22 of care being provided.

23 (d) During the inspection, the representative or representatives
24 shall offer such advice and assistance to the health facility as they
25 deem appropriate.

26 (e) For acute care hospitals of 100 beds or more, the inspection
27 team shall include at least a physician, registered nurse, and persons
28 experienced in hospital administration and sanitary inspections.
29 During the inspection, the team shall offer advice and assistance
30 to the hospital as it deems appropriate.

31 (f) The department shall ensure that a periodic inspection
32 conducted pursuant to this section is not announced in advance of
33 the date of inspection. An inspection may be conducted jointly
34 with inspections by entities specified in Section 1282. However,
35 if the department conducts an inspection jointly with an entity
36 specified in Section 1282 that provides notice in advance of the
37 periodic inspection, the department shall conduct an additional
38 periodic inspection that is not announced or noticed to the health
39 facility.

1 (g) Notwithstanding any other provision of law, the department
2 shall inspect for compliance with provisions of state law and
3 regulations during a state periodic inspection or at the same time
4 as a federal periodic inspection, including, but not limited to, an
5 inspection required under this section. If the department inspects
6 for compliance with state law and regulations at the same time as
7 a federal periodic inspection, the inspection shall be done consistent
8 with the guidance of the federal Centers for Medicare and Medicaid
9 Services for the federal portion of the inspection.

10 (h) The department shall emphasize consistency across the state
11 and *in* its district offices when conducting licensing and
12 certification surveys and complaint investigations, including the
13 selection of state or federal enforcement remedies in accordance
14 with Section 1423. The department may issue federal deficiencies
15 and recommend federal enforcement actions in those circumstances
16 where they provide more rigorous enforcement action.

17 (i) *It is the intent of the Legislature that the department, pursuant*
18 *to its existing regulations, inspect the peer review process utilized*
19 *by acute care hospitals as part of its periodic inspection of those*
20 *hospitals pursuant to this section.*

21 SEC. 17. No reimbursement is required by this act pursuant
22 to Section 6 of Article XIII B of the California Constitution because
23 the only costs that may be incurred by a local agency or school
24 district will be incurred because this act creates a new crime or
25 infraction, eliminates a crime or infraction, or changes the penalty
26 for a crime or infraction, within the meaning of Section 17556 of
27 the Government Code, or changes the definition of a crime within
28 the meaning of Section 6 of Article XIII B of the California
29 Constitution.

An act to amend Section 11123 of the Government Code, relating to state government.

LEGISLATIVE COUNSEL'S DIGEST

SB 103, as introduced, Liu. State government: meetings: teleconferencing.

Existing law authorizes a state body to conduct teleconference meetings.

This bill would urge a state body, to the extent legally or financially possible, to conduct teleconference meetings.

Vote: majority. Appropriation: no. Fiscal committee: no. State-mandated local program: no.

The people of the State of California do enact as follows:

- 1 SECTION 1. The Legislature finds and declares the following:
- 2 (a) That teleconferencing is a green technology, allowing
- 3 organizations to mitigate energy use by dramatically reducing the
- 4 need to travel.
- 5 (b) By communicating over video or telephone, organizations
- 6 can also substantially reduce their carbon footprint by reducing
- 7 the need to travel via high-emission methods, such as flying or
- 8 driving.
- 9 (c) Teleconferencing saves money by reducing the number of
- 10 trips taken annually, and this monetary savings is multiplied by
- 11 the cost of transportation to and from the airport, the flight, per

1 diem expenses, salary of time lost in traveling, and other incidental
2 expenses of travel.

3 (d) The amount saved by teleconferencing greatly exceeds the
4 minimal cost of investing and implementing teleconferencing
5 solutions, such as the cost for new equipment, services, and
6 training.

7 (e) Therefore it is the intent of the Legislature that state bodies,
8 to the extent possible, conduct teleconference meetings in order
9 to save the environment and save the state money.

10 SEC. 2. Section 11123 of the Government Code is amended
11 to read:

12 11123. (a) All meetings of a state body shall be open and
13 public and all persons shall be permitted to attend any meeting of
14 a state body except as otherwise provided in this article.

15 (b) (1) This article does not prohibit a state body from holding
16 an open or closed meeting by teleconference for the benefit of the
17 public and state body. The meeting or proceeding held by
18 teleconference shall otherwise comply with all applicable
19 requirements or laws relating to a specific type of meeting or
20 proceeding, including the following:

21 (A) The teleconferencing meeting shall comply with all
22 requirements of this article applicable to other meetings.

23 (B) The portion of the teleconferenced meeting that is required
24 to be open to the public shall be audible to the public at the location
25 specified in the notice of the meeting.

26 (C) If the state body elects to conduct a meeting or proceeding
27 by teleconference, it shall post agendas at all teleconference
28 locations and conduct teleconference meetings in a manner that
29 protects the rights of any party or member of the public appearing
30 before the state body. Each teleconference location shall be
31 identified in the notice and agenda of the meeting or proceeding,
32 and each teleconference location shall be accessible to the public.
33 The agenda shall provide an opportunity for members of the public
34 to address the state body directly pursuant to Section 11125.7 at
35 each teleconference location.

36 (D) All votes taken during a teleconferenced meeting shall be
37 by rollcall.

38 (E) The portion of the teleconferenced meeting that is closed
39 to the public may not include the consideration of any agenda item
40 being heard pursuant to Section 11125.5.

1 (F) At least one member of the state body shall be physically
2 present at the location specified in the notice of the meeting.

3 (2) For the purposes of this subdivision, "teleconference" means
4 a meeting of a state body, the members of which are at different
5 locations, connected by electronic means, through either audio or
6 both audio and video. This section does not prohibit a state body
7 from providing members of the public with additional locations
8 in which the public may observe or address the state body by
9 electronic means, through either audio or both audio and video.

10 (c) *A state body shall, to the extent legally or financially*
11 *possible, conduct teleconference meetings, subject to the*
12 *requirements set out in subdivision (b).*

A copy of the "Disciplinary Guidelines with Model Language, August 30, 2010" is available on the Board's web site at: http://www.dbc.ca.gov/formspubs/pub_dgml.pdf.

Retroactive Fingerprinting (*California Code of Regulations, Title 16, Sections 1007, 1008 and 1017.2*):

Since the November meeting, the rulemaking was signed by the State and Consumer Services Agency Secretary and the Director of the Department of Finance. The Director of the Department of Consumer Affairs granted the Board a 90 day extension to file the final rulemaking with the Office of Administrative Law because all signatures had not been obtained by the one-year rulemaking deadline on December 17, 2010. The rulemaking file was turned in to the Office of Administrative Law on January 28, 2011, and they will have 30 working days to either approve or disapprove the file. If the file is approved, it will be filed with the Secretary of State and the regulation will become effective 30 days later. Staff anticipates that the file will be approved and the regulation will become effective sometime in mid-April.

Dental Assisting Educational Programs and Courses (California Code of Regulations Title 16, Sections 1070, 1070.1, 1070.2, 1070.6, 1070.7, 1070.8 and 1071):

AB 2637 included an expiration date on the Sections of law pertaining to educational program and course approvals, with the understanding that regulations would be pursued to clarify specific standards and criteria that these programs and course must meet to obtain Board approval to teach newly allowed duties and conform to the statutory changes.

The Board adopted proposed regulatory language at the November 2009 meeting. The proposed regulatory language regarding Dental Assisting Educational Programs and Courses was noticed on the Board's website and mailed on June 4, 2010 for the 45-day comment period. The comment period began on June 4, 2010 and ended on July 19, 2010. The regulatory hearing was held on July 19, 2010.

During the September 16, 2010 meeting, the Board reviewed the comments received during the 45-day comment period. The Board voted to accept modified text and directed staff to notice the modified text for 15-day public comment. The comment period began on September 28, 2010 and ended on October 12, 2010. Comments were received from the Butte Sierra District Dental Society, the California Association of Dental Assisting Teachers, the California Dental Association, and the Dental Assisting Alliance.

During the November 4, 2010 meeting, the Board reviewed the comments received during the first 15-day comment period. The Board voted to accept a second modified text and directed staff to notice the second modified text for 15-day public comment. The comment period began on November 18, 2010 and ended on December 3, 2010. Comments were received from the Dental Assisting Alliance, the California Association of Dental Assisting Teachers, Michael W. Champeau, M.D., and Bill Barnaby Sr. & Jr. on behalf of the California Society of Anesthesiologists.

The Board voted to accept a third modified text and directed staff to notice the third modified text for 15-day public comment. The comment period began on December 27, 2010 and ended on January 11, 2011. A comment was received from the Dental Assisting Alliance. The Dental Assisting Alliance requested to withdraw their comment after the close of the comment period. The Board will discuss the comment received as well as the request for withdrawal during the full Board portion of the meeting on February 25, 2011.

Minimum Standards for Infection Control (California Code of regulations, Title 16, Section 1005):

At the July 26, 2010 Board meeting, the board directed staff to initiate the formal rulemaking process. The proposed regulatory language was noticed on the Board's

web site and mailed to interested parties on August 26, 2010. The 45-day public comment period began on August 27, 2010 and ended on October 11, 2010. The regulatory hearing was held on October 11, 2010. The Board voted to accept modified text and directed staff to notice the modified text for 15-day public comment. The comment period began on November 16, 2010 and ended on December 1, 2010. Comments were received from Dr. Earl Johnson and the Dental Assisting Alliance.

During the December 14, 2010 meeting, the Board voted to reject the comments received during the 15-day public comment period and directed staff to complete the rulemaking process and file with the Office of Administrative Law. Staff is in the process of writing the final statement of reasons. Once approved by legal counsel, the final rulemaking file is required to be signed by the Director of the Department of Consumer Affairs, the Secretary of the State and Consumer Services Agency, and the Director of the Department of Finance. Staff anticipates this process to take 30 to 90 days. Once approval signatures are obtained, the rulemaking will be submitted to the Office of Administrative Law to be approved. The Office of Administrative Law will have 30 working days to review the file. Once approved, the rulemaking will be filed with the Secretary of State and will be effective 30 days later. The one-year deadline to submit the final rulemaking to the Office of Administrative Law is August 26, 2010.

Consumer Protection Enforcement Initiative (California Code of Regulations Title 16, Sections 1018.05 and 1020):

During the November 5, 2010 meeting, the Board reviewed proposed regulatory amendments that would improve the Board's enforcement process in an effort to address public concern. The Board directed staff to initiate a rulemaking to further define unprofessional conduct and to permit the Board to require the examination of an applicant who may be impaired by a physical or mental illness affecting competency.

Staff worked with legal counsel to write the initial rulemaking documents including the Notice of Proposed Regulatory Action, the Initial Statement of Reasons, and the Economic and Fiscal Impact Statement. The initial rulemaking file was submitted to the Office of Administrative Law on February 7, 2011. The proposed action will be published on February 18, 2011. The 45-day public comment period will begin on February 18, 2011 and will end on April 4, 2011. MEMORANDUM

DATE	February 15, 2011
TO	Legislative and Regulatory Committee Dental Board of California
FROM	Sarah Wallace, Legislative and Regulatory Analyst Dental Board of California
SUBJECT	Agenda Item LEG 5(A): Prospective Legislative Proposals: Discussion and Possible Action to Adopt Statutory Amendments to Business and Professions Code Section 651 Regarding Advertising of Specialty Licensure

The Dental Board of California (Board) has been involved in ongoing litigation concerning the constitutionality of Business and Professions Code Section 651(h)(5)(A) as it pertains to advertising.

In February 2001, Assembly Bill 1026 was introduced by Senator Oropeza and was sponsored by the California Dental Association (CDA). This bill was very similar to the Board's prior regulatory language that had been deemed unconstitutional in a previous lawsuit in 2000. This bill was enacted into law on September 23, 2002 and chaptered as California Business and Professions Code Section 651(h)(5)(A).

As a result of the enactment of AB 1026, a lawsuit was filed challenging the constitutionality of this law. The Board attempted to settle the case and to end the threat of any future litigation by pursuing statutory amendments. However, the Board was unsuccessful in finding an author to sponsor the legislation.

On October 15, 2010, the Honorable John Mendez, United States District Court Judge, ruled that section "651(h)(5)(A) does violate the First Amendment both on its face and in its application and must be invalidated." The Board is constitutionally obligated to appeal that decision, and the issue is currently on appeal in the Ninth Circuit Court of Appeals. In the meantime, the staff is again seeking an author to carry new language to repeal Business and Professions Code Section 651(h)(5)(A)(i) through Section 651(h)(5)(A)(iii).

Board Action Requested:

Staff requests that the Committee review the proposed statutory amendments and, if in agreement, recommend the language be forwarded to the full Board for approval and direct the Executive Officer to seek an author to introduce this language as an urgency measure during the 2011-2012 Legislative session to repeal Business and Professions Code Sections 651(h)(5)(A)(i) through Section 651(h)(5)(A)(iii).

PROPOSED LEGISLATIVE AMENDMENTS

California Business and Professions Code

§ 651. Dissemination of false or misleading information concerning professional services or products; Permissible advertising

(a) It is unlawful for any person licensed under this division or under any initiative act referred to in this division to disseminate or cause to be disseminated any form of public communication containing a false, fraudulent, misleading, or deceptive statement, claim, or image for the purpose of or likely to induce, directly or indirectly, the rendering of professional services or furnishing of products in connection with the professional practice or business for which he or she is licensed. A "public communication" as used in this section includes, but is not limited to, communication by means of mail, television, radio, motion picture, newspaper, book, list or directory of healing arts practitioners, Internet, or other electronic communication.

(b) A false, fraudulent, misleading, or deceptive statement, claim, or image includes a statement or claim that does any of the following:

(1) Contains a misrepresentation of fact.

(2) Is likely to mislead or deceive because of a failure to disclose material facts.

(3) (A) Is intended or is likely to create false or unjustified expectations of favorable results, including the use of any photograph or other image that does not accurately depict the results of the procedure being advertised or that has been altered in any manner from the image of the actual subject depicted in the photograph or image.

(B) Use of any photograph or other image of a model without clearly stating in a prominent location in easily readable type the fact that the photograph or image is of a model is a violation of subdivision (a). For purposes of this paragraph, a model is anyone other than an actual patient, who has undergone the procedure being advertised, of the licensee who is advertising for his or her services.

(C) Use of any photograph or other image of an actual patient that depicts or purports to depict the results of any procedure, or presents "before" and "after" views of a patient, without specifying in a prominent location in easily readable type size what procedures were performed on that patient is a violation of subdivision (a). Any "before" and "after" views (i) shall be comparable in presentation so that the results are not distorted by favorable poses, lighting, or other features of presentation, and (ii) shall contain a statement that the same "before" and "after" results may not occur for all patients.

(4) Relates to fees, other than a standard consultation fee or a range of fees for specific types of services, without fully and specifically disclosing all variables and other material factors.

(5) Contains other representations or implications that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived.

(6) Makes a claim either of professional superiority or of performing services in a superior manner, unless that claim is relevant to the service being performed and can be substantiated with objective scientific evidence.

(7) Makes a scientific claim that cannot be substantiated by reliable, peer reviewed, published scientific studies.

(8) Includes any statement, endorsement, or testimonial that is likely to mislead or deceive because of a failure to disclose material facts.

(c) Any price advertisement shall be exact, without the use of phrases, including, but not limited to, "as low as," "and up," "lowest prices," or words or phrases of similar import. Any advertisement that refers to services, or costs for services, and that uses words of comparison shall be based on verifiable data substantiating the comparison. Any person so advertising shall be prepared to provide information sufficient to establish the accuracy of that comparison. Price advertising shall not be fraudulent, deceitful, or misleading, including statements or advertisements of bait, discount, premiums, gifts, or any statements of a similar nature. In connection with price advertising, the price for each product or service shall be clearly identifiable. The price advertised for products shall include charges for any related professional services, including dispensing and fitting services, unless the advertisement specifically and clearly indicates otherwise.

(d) Any person so licensed shall not compensate or give anything of value to a representative of the press, radio, television, or other communication medium in anticipation of, or in return for, professional publicity unless the fact of compensation is made known in that publicity.

(e) Any person so licensed may not use any professional card, professional announcement card, office sign, letterhead, telephone directory listing, medical list, medical directory listing, or a similar professional notice or device if it includes a statement or claim that is false, fraudulent, misleading, or deceptive within the meaning of subdivision (b).

(f) Any person so licensed who violates this section is guilty of a misdemeanor. A bona fide mistake of fact shall be a defense to this subdivision, but only to this subdivision.

(g) Any violation of this section by a person so licensed shall constitute good cause for revocation or suspension of his or her license or other disciplinary action.

(h) Advertising by any person so licensed may include the following:

- (1) A statement of the name of the practitioner.
- (2) A statement of addresses and telephone numbers of the offices maintained by the practitioner.
- (3) A statement of office hours regularly maintained by the practitioner.
- (4) A statement of languages, other than English, fluently spoken by the practitioner or a person in the practitioner's office.
- (5) (A) A statement that the practitioner is certified by a private or public board or agency or a statement that the practitioner limits his or her practice to specific fields.

~~(ii) A dentist licensed under Chapter 4 (commencing with Section 1600) shall not represent to the public or advertise accreditation either in a specialty area of practice or by a board not meeting the requirements of clause (i) unless the dentist has attained membership in or otherwise been credentialed by an accrediting organization that is recognized by the board as a bona fide organization for that area of dental practice. In order to be recognized by the board as a bona fide accrediting organization for a specific area of dental practice other than a specialty area of dentistry authorized under clause (i), the organization shall condition membership or credentialing of its members upon all of the following:~~

~~(I) Successful completion of a formal, full-time advanced education program that is affiliated with or sponsored by a university based dental school and is beyond the dental degree at a graduate or postgraduate level.~~

(i) Each of the healing arts boards and examining committees within Division 2 shall adopt appropriate regulations to enforce this section in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

Each of the healing arts boards and committees and examining committees within Division 2 shall, by regulation, define those efficacious services to be advertised by businesses or professions under their jurisdiction for the purpose of determining whether advertisements are false or misleading. Until a definition for that service has been issued, no advertisement for that service shall be disseminated. However, if a definition of a service has not been issued by a board or committee within 120 days of receipt of a request from a licensee, all those holding the license may advertise the service. Those boards and committees shall adopt or modify regulations defining what services may be advertised, the manner in which defined services may be advertised, and restricting advertising that would promote the inappropriate or excessive use of health services or commodities. A board or committee shall not, by regulation, unreasonably prevent truthful, nondeceptive price or otherwise lawful forms of advertising of services or commodities, by either outright prohibition or imposition of onerous disclosure requirements. However, any member of a board or committee acting in good faith in the adoption or enforcement of any regulation shall be deemed to be acting as an agent of the state.

(j) The Attorney General shall commence legal proceedings in the appropriate forum to enjoin advertisements disseminated or about to be disseminated in violation of this section and seek other appropriate relief to enforce this section. Notwithstanding any other provision of law, the costs of enforcing this section to the respective licensing boards or committees may be awarded against any licensee found to be in violation of any provision of this section. This shall not diminish the power of district attorneys, county counsels, or city attorneys pursuant to existing law to seek appropriate relief.

(k) A physician and surgeon or doctor of podiatric medicine licensed pursuant to Chapter 5 (commencing with Section 2000) by the Medical Board of California who knowingly and intentionally violates this section may be cited and assessed an administrative fine not to exceed ten thousand dollars (\$10,000) per event. Section 125.9 shall govern the issuance of this citation and fine except that the fine limitations prescribed in paragraph (3) of subdivision (b) of Section 125.9 shall not apply to a fine under this subdivision.
