During this two-day meeting, the Dental Board of California will consider and may take action on any of the agenda items. It is anticipated that the items of business before the Board on the first day of this meeting will be fully completed on that date. However, should items not be completed, it is possible that it could be carried over and be heard beginning at 9:00 a.m. on the following day. Anyone wishing to be present when the Board takes action on any item on this agenda must be prepared to attend the two-day meeting in its entirety.

Public comments will be taken on agenda items at the time the specific item is raised. The Board may take action on any item listed on the agenda, unless listed as informational only. All times are approximate and subject to change. Agenda items may be taken out of order to accommodate speakers and to maintain a quorum. The meeting may be cancelled without notice. Time limitations for discussion and comment will be determined by the President. For verification of the meeting, call (916) 263-2300 or access the Board’s website at www.dbc.ca.gov. This Board meeting is open to the public and is accessible to the physically disabled. A person who needs a disability-related accommodation or modification in order to participate in the meeting may make a request by contacting Karen M. Fischer, MPA, Executive Officer, at 2005 Evergreen Street, Suite 1550, Sacramento, CA 95815, or by phone at (916) 263-2300. Providing your request at least five business days before the meeting will help to ensure availability of the requested accommodation.

While the Board intends to webcast this meeting, it may not be possible to webcast the entire open meeting due to limitations on resources.

MEMORANDUM

DATE: May 19, 2014
TO: Dental Board Members
FROM: Sharon Langness
Associate Governmental Program Analyst
SUBJECT: Agenda Item 12: Budget Report

The Board manages two separate funds: 1) Dentistry Fund, and 2) Dental Assisting Fund. The funds are not comingled. The following is intended to provide a summary of expenses for the third quarter of fiscal year (FY) 2013-14 for the Dentistry and Dental Assisting funds.

Dentistry Fund Overview

*Third Quarter Expenditure Summary for Fiscal Year 2013-14*

The third quarter expenditure projections are based upon the March budget report released by the Department of Consumer Affairs in April 2014. The report reflects expenditures for July 1, 2013 through March 31, 2014. The Board has spent roughly $7.3 million/60%, of its total Dentistry Fund appropriation for FY 2013-14. Of that amount, approximately $4 million/56% was for Personnel Services and roughly $3.6 million/44% was for Operating Expense & Equipment (OE&E).

For comparison purposes, current expenditures are slightly lower than third quarter spending for last year at this time. The Board had spent roughly $7.7 million/ 64%, of its FY 2012-13 Dentistry budget appropriation. Approximately $3.9 million/ 55%, of the expenditures were Personnel Services, and roughly $3.7 million/45%, of the expenditures was OE&E.

Analysis of Fund Condition

The Fund Condition reflects repayment of the remaining $2.7 million (of the $10 million that was loaned to the general fund) by the close of FY 2013-14.
Dental Assisting Fund Overview

Third Quarter Expenditure Summary for Fiscal Year 2013-14
The third quarter expenditure projections are based upon the March budget report released by the Department of Consumer Affairs in April 2014. The report reflects expenditures for July 1, 2013 through March 31, 2014. The Board spent roughly $1.2 million/68% of its total Dental Assistant budget appropriation. Approximately $422,000/35% spent was for Personnel Services and roughly $804,000/65% for Operating Expense & Equipment (OE&E).

**Current Update:**
The Elective Facial Cosmetic Surgery (EFCS) Permit Credentialing Committee met on April 16, 2014 by teleconference.

In closed session, the Credentialing Committee reviewed two (2) applications. According to statute, the Committee shall make a recommendation to the Dental Board on whether to issue a permit to the applicant. The permit may be unqualified, entitled the permit holder to perform any facial cosmetic surgical procedure authorized by the statute, or it may contain limitations if the Credentialing Committee is not satisfied that the applicant has the training or competence to perform certain classes of procedures, or if the applicant has not requested to be permitted for all procedures authorized in statute.

The Committee’s Recommendations to the Board is as follows:

1. Applicant: Dr. Daniel S. Witcher – Requested unlimited privileges for Category I (cosmetic contouring of the osteocartilaginous facial structure, which may include, but not limited to, rhinoplasty and otoplasty) and Category II (cosmetic soft tissue contouring or rejuvenation, which may include, but not limited to, facelift, blepharoplasty, facial skin resurfacing, or lip augmentation).

*The Credential Committee recommends the Board issue an unlimited permit for Category I procedures (cosmetic contouring of the osteocartilaginous facial structure, which may include, but not limited to, rhinoplasty and otoplasty) and Category II procedures (cosmetic soft tissue contouring or rejuvenation, which may include, but not limited to, facelift, blepharoplasty, facial skin resurfacing, or lip augmentation).*

**Action Requested:**
1. Staff requests a motion to issue Dr. Daniel S. Witcher an EFCS Permit for unlimited Category I & II procedures.

SUBJECT | Agenda Item 16: Discussion and Possible Action Regarding an Appointment to the Dental Assisting Council

**Background**

The Dental Assisting Council (Council) considers all matters relating to dental assistants in California and makes appropriate recommendations to the Board and the standing Committees of the Board. The members of the Council include the registered dental assistant member of the Board, another member of the Board, and five registered dental assistants.

The Board posted a recruitment notice on its website and sent out an email blast. Nine applications were received. Five applications are included in this packet; four applicants did not meet the qualifications and were not considered. A subcommittee of Dr. Whitcher and Ms. Forsythe reviewed the applications and interviewed candidates on the telephone. A subcommittee recommendation may be presented to the full Board for consideration.

The Board should consider the following qualifications in accordance with Business & Professions Code, Section 1742 when considering the Subcommittee’s recommendations and its appointment to the Council.

**SECTION 1742 QUALIFICATION REQUIREMENTS FOR THIS VACANCY:**

Applicants must meet the following minimum requirements to be eligible for appointment:

- The candidate shall be a Registered Dental Assistant (RDA) or Registered Dental Assistant in Extended Functions (RDAEF) and shall be employed as a faculty member of a registered dental assisting educational program approved by the Board, and shall have been so employed for at least the prior five years

- The candidate shall have possessed a current and active registered dental assistant or registered dental assistant in extended functions license for at least the prior five years, and shall not be employed by a current member of the Board.
No council appointee shall have served previously on the dental assisting forum or have any financial interest in any registered dental assistant school. Each member shall comply with conflict of interest requirements that apply to Dental Board members. Such requirements include prohibitions against members making, participating in making or in any way attempting to use his or her official position to influence a governmental decision in which he or she knows or has reason to know he or she has a financial interest. Any council member who has a financial interest shall disqualify him or herself from making or attempting to use his or her official position to influence the decision. (Gov. Code, § 87100.)

All final candidate qualifications and applications for Board-appointed council members shall be made available in the published Board materials with final candidate selection conducted during the normal business of the Board during public meetings.

**TERM OF OFFICE:**
The term of office for this appointment will be three years.

The candidates to be considered for membership on the Dental Assisting Council by the Board are as follows:

Serena Harrison, RDA  
Ollie Virginia Lucas, RDA  
Gina Macias, BS, RDAEF, CDA  
Tamara McNealy, RDA  
Kathy O'Brien, RDA

**Action Requested:**
- After review and discussion, staff requests a motion to appoint a member to the Dental Assisting Council.

RE: Dental Assisting Council Appointment

Dear Ms. Fischer,

I’m contacting you in regards to the Dental Assisting Council position with the Dental Board of California, announced during the 2014 CADAT conference. I am very interested in the activities related to this appointment.

My relevant qualifications include my tenure as an RDA license along with being employed as a Dental Assistant educator with Kaplan College for almost 6 years. I have worked in the dental field over 20 years, 18 of which has been as an RDA.

This appointment is of great interest to me as an educator because the future career goals of my students and those currently in the Dental Assisting field should have an unbiased voice. Given my experience in the field I have learned to comply with regulations and standards put forth. I would like the opportunity to participate in making those recommendations that will mold our Dental Assistant community.

I welcome the opportunity to contribute my skills to your team.

Sincerely,

Serena Harrison

COUNCIL COMPOSITION: The Dental Assisting Council is a seven member council created pursuant to Section 1742 of the Business and Professions Code. The members of the Council are appointed by the Board and shall include the registered dental assistant member of the Board, another member of the Board, and five registered dental assistants.

RESPONSIBILITIES: The Council is to consider all matters relating to dental assistants in California and will make appropriate recommendations to the Board and the standing committees of the Board including, but not limited to, the following areas:

- Requirements for dental assistant examination, licensure, permitting, and renewal.
- Standards and criteria for approval of dental assisting educational programs, courses, and continuing education.
- Allowable dental assistant duties, settings, and supervision levels.
- Appropriate standards of conduct and enforcement for dental assistants.
- Requirements regarding infection control.
QUALIFICATIONS: The Board will consider applications to appoint five (5) members to the Council. Applicants must meet the following minimum requirements to be eligible for appointment.

Two (2) of those members shall be employed as faculty members of a registered dental assisting educational program approved by the Board, and shall have been so employed for at least the prior five years. Three (3) of those members, which shall include one registered dental assistant in extended functions, shall be employed clinically in private dental practice or public safety net or dental health care clinics.

All five members shall have possessed a current and active registered dental assistant or registered dental assistant in extended functions license for at least the prior five years, and shall not be employed by a current member of the Board.

No council appointee shall have served previously on the dental assisting forum or have any financial interest in any registered dental assistant school. Each member shall comply with conflict of interest requirements that apply to Dental Board members. Such requirements include prohibitions against members making, participating in making or in any way attempting to use his or her official position to influence a governmental decision in which he or she knows or has reason to know he or she has a financial interest. Any council member who has a financial interest shall disqualify him or herself from making or attempting to use his or her official position to influence the decision. (Gov. Code, § 87100.)

All final candidate qualifications and applications for Board-appointed council members shall be made available in the published Board materials with final candidate selection conducted during the normal business of the Board during public meetings.

TERM OF OFFICE: Each member shall serve for a term of four years.

TRAVEL: The Council will meet approximately four times per year in conjunction with other board committees, and at other times as deemed necessary. Expenses incurred in the performance of official duties are reimbursed by the Dental Board of California in accordance with the Pocket Travel Guide published by the Office of Administrative Services, Accounts Payable Unit of the Department of Consumer Affairs. Council members receive $100 for each day actually spent in the discharge of official duties, as determined by the Board (Business and Professions Code section 103).

OTHER TIME COMMITMENTS: Council members shall be required to participate in Ethics Orientation, Sexual Harassment Prevention Training and Board Member Orientation Training, and prepare and submit a financial disclosure statement that is filed with the Fair Political Practices Committee entitled “Form 700, Statement of Economic Interests.”

In order to assist the Board in determining eligibility for appointment to the Council, please answer the following questions:

RE: Appointment to the Dental Assisting Council of the Dental Board of California

Dear Karen M. Fischer, MPA, Executive Officer

I believe with my educational background and experience with an RDA program, I have the qualifications you are seeking to assist with various changes that our state is implementing with the DA and RDA programs. I have a strong working knowledge in the dental industry. I have worked in the dental field for 34 years. My teaching career began in 2002 with Corinthian Colleges as an RDA Instructor/Program Director. I am currently employed with United Education Institute were I am the RDA Program Director. As a program director I am responsible for training of the instructors, assisting with curriculum development, keeping the program up to date with state regulations as required for compliance with the dental board. I would greatly appreciate the opportunity to sit on the dental board council sharing my experiences, knowledge, and organizational skills with members with similar experience. I strongly believe that I will be a worthy member and would love the opportunity to be a valued member of the dental board. The attached resume details my experience and training.

Thank You,

Ollie V. Lucas

To Whom It May Concern,

It is my immense pleasure to recommend our Dental Assistant Campus Department Chair, Ms. Ollie Lucas, for appointment with your organization. As the Director of Education for the Riverside campus, Mr. Lucas displayed intelligence, diligence, honesty, and professionalism during her tenure here at our campus.

Ms. Lucas’ commitment to education and teaching is highlighted by the continued success of her students. Ms. Lucas prepares students for entry-level positions as front/back office dental assistants. Ms. Lucas instructs/trains students in basic dental procedures for both the front and back office. In addition, Ms. Lucas’ ability as a leader/mentor to her students and confidence in a variety of challenges had brought her praise not just from me but from other faculty/staff members as well. This instructor exhibits some good characteristics, such as independent, excellent classroom management/instruction, and confidence, which are essential to success in further future endeavors and the betterment of her students. Ms. Lucas is also responsible for complete programmatic leadership, management and oversight by ensuring continuous new faculty recruitment, conducting frequent regular training and coaching of all faculty; ensuring the consistent delivery of standardized curriculum, and addressing student issues and concerns. The department chair partners with Career Services to ensure timely site placement and monitors their attendance, progress and completion in externship. The department chair has complete responsibility of the program’s student attendance, retention, and completion.

I would like to appreciate your most favorite considerations to her appointment with your organization. I strongly believe that Ms. Ollie Lucas will be an invaluable asset to your organization. If there is any question in regards to her recommendation please don’t hesitate to contact me. Thank you for your time and consideration of Ms. Lucas.

Respectfully yours,

Kalvin Latimer

To whom it may concern,

This reference letter is written to demonstrate the outstanding leadership of Ms. Ollie Lucas, Dental Assistant Program Director of UEI College Riverside.

I have had the pleasure of working alongside Ms. Lucas for the past year and I have been impressed with her ability to uphold the utmost customer service with our students and staff. Ms. Lucas has a knack for understanding and implementing compliance-driven results for our campus and organization. We trust Ms. Lucas with keeping up with the on-going changes in the Dental Compliance realm and we appreciate her ability to implement this at our campus.

I would not hesitate to recommend Ms. Lucas for a position with the Dental Board. She is honest, ethical, accountable, compliant, and persistent with her work. In addition she is pleasant to work with on campus.

If you have any questions, feel free to contact me directly at my office (951) 300-5501.

Sincerely,

Dennis W. Manzo
Campus President

To whom it may concern

I have had the pleasure of knowing Ollie for the past fifteen years and would recommend her for the position of Dental Board Committee Member in your organization. Ollie has shown to be a top performer in her field with a diverse background. She has proven that no task is unachievable.

Ollie does an excellent job in her current position and would be an asset to your team. She has great written and communication skills, a self-starter and superior relationship building skills.

Ollie is always willing to offer assistance when called upon and has a good rapport with her students. Based on my experience with her she is capable of handling any endeavor she chooses to pursue.

Regards,
Tenisha Lee

Dear Sir or Madame,

I am pleased to recommend Tamara McNealy for the educator position on the Dental Board of California – Dental Assisting Council.

Tamara has been a valued faculty member at San Joaquin Valley College for 23 years, including 18 years serving as the Dental Assisting Program Director. During her tenure with the college, she has demonstrated a tremendous passion for education. In addition to being an exemplary student instructor, Tamara has designed and provided multiple cross-campus faculty trainings on such varied field-related topics as new regulations, implementation strategies, Clinical Coordinator responsibilities and RDA examination instructional strategies. She has also helped to strengthen fellow faculty members’ instructional skills by conducting professional development sessions relating to SMART goals, course outline development, and effective lesson planning.

Tamara has had a strong presence in the development of the Dental Assisting Program curriculum; she was instrumental in the instructional design of both the degree and certificate program matrices. She has designed multiple pieces including engaging student assignments and activities, lectures, handouts, student skill competencies, and both the DA Infection Control and Program Procedure Manuals. To support the college in data collection to measure student learning, Tamara assisted in the creation of curriculum repositories in the online Learning Management System, including Mastery Assessments that allow for specific measurement of Student Learning Outcome achievement.

Her presence in ensuring regulatory compliance has been an asset to the college. She has served as Dental Liaison for all campuses, as well as regulatory liaison and advisor for programmatic compliance and continuing education courses in sealants, infection control, teaching methodology and budgeting. She also oversaw compliance with CEU provider responsibilities: documentation and reporting for faculty training regarding sealants and teaching methodology (30 hour and two hour requirements). Tamara designed and received approval for institutional curriculum for eight-hour stand-alone courses in infection control and pit and fissure sealants to ensure that regulatory requirements are consistently met.

Tamara’s drive for excellence, comprehensive knowledge and skill sets Dental Assisting and instruction, and her passion for lifelong learning make her an ideal candidate for this position. I believe she would be a valuable addition to the Council.

Dear Dental Board Reviewer,

I have been asked to write a letter of reference for Tamara McNealy who is applying for the educator position on your Dental Assisting Council. Tamara currently serves as Program Director of the Dental Assisting (DA) program on our San Joaquin Valley College (SJVC) Fresno Campus.

I have worked with Tamara for approximately ten years through my roles with the college as the Director of Curriculum & Program Planning and now as the Director of Program Compliance. Tamara has worked for SJVC for over 23 years. She has consistently been a strong content expert and voice for our DA program – most often serving as our go-to person when having program related questions. In fact, Tamara served as our internal DA Program Liaison for a number of years, helping bring consistency across our campus programs. Tamara truly owns the DA program and she works tirelessly to help ensure its success, coordinating with our other campus DA Program Directors as well as with staff at our Central Administrative Office. Over the years, Tamara has assisted with the expansion of the DA program to other campus locations, she has helped coordinate program curriculum changes in light of new regulations, she has coordinated special applications to the state (such as sealants and infection control), and she has assisted in the design of revised DA labs in order to remain fully compliant and to provide our students with all the necessary skills for licensure and success in the field.

Tamara speaks with authority, she researches thoroughly, she responds promptly, and she regularly works to maintain strong connections within the dental field in order to help provide clear and accurate information that’s pertinent to our DA program. Her many years of involvement through CADAT along with her regular attendance at (the now former) COMDA and the Dental Board meetings give her a unique and valuable perspective on which to carry out her duties.

I am confident that Tamara would represent well the Dental Board when given the opportunity to serve in this educator position. Any role that I’ve seen her take on has been done very responsibly as well as conscientiously – reflecting a true passion and love for her field.

Should you have any questions, please feel free to call me at [redacted] or you may reach me via e-mail at [redacted]

Sincerely Yours,

Dear Karen:

Re Tamara McNealy

I have known and worked with Tamara for about 10 years after my retirement of full time practice and am now part time dentist and adjunct instructor at San Joaquin Valley College. While in clinical practice I was also 20 years a part time associate clinical professor of Restorative Dentistry at the University of Southern California (1974-94).

She has been the Program Director of Dental Assisting program at San Joaquin College. During the last 10 years as a colleague I had the pleasure of seeing her doing an outstanding job of directing the program. She is a conscientious and very competent person in her responsibilities. In addition to directing the program, she also is teaching some classes in the program, so she has hands-on experience in dental assisting. She has a competent staff in the teaching program and the great moral of the faculty and students is a tribute to her conscientious and capable leadership and teaching abilities. She has a great ability to see things to completion and keeping a competent staff of adjunct dentists and advisory staff and conducts regular meetings in compliance with state regulations.

Under her direction, the graduation rate is very good, possibly close to 100% and placement of students into the profession is very high. I have dentists say that they are very pleased with the quality of education that the dental assisting students have received at SJVC. Their teaching program under her leadership has provided the students with a good ability to fit into any dental office staff immediately upon graduation.

I believe she could be a valuable addition to the State Board of Dental Assisting. I highly recommend her to you for serious consideration as a part of the Board.

Respectfully,

Dear Ms. Fischer,

I am writing in response to the recruitment of Dental Assisting Council members and to express my interest. I have been in the Dental Assisting profession for 30 years and have seen and experienced many changes.

I have been employed as a Dental Assisting instructor at the Eden Area ROP for 23 years. I began as a part time instructor and have been Program Director since 2004. I have implemented all requirements of SB 2637 and all subsequent legislation. I am a member of CADAT (California Association of Dental Assisting Teachers) but have never held an office for the organization. I look at the Dental Assisting Council as an opportunity to protect and enhance the profession of Dental Assisting.

If I were to be appointed, I have the full support of my administration and am confident that I would be able to fulfill all of the responsibilities of the position.

Sincerely,

APPLICATION FOR APPOINTMENT TO THE
DENTAL ASSISTING COUNCIL

PLEASE PRINT

NAME: Kathy O'Brien

ADDRESS: [Redacted]

PHONE NUMBER: [Redacted]

EMAIL ADDRESS: [Redacted]

California License Type and Number: RDA #38596 Expiration date: 12/31/14

*By law, all final candidate applications must be made available to the public in the published board materials. Applicants may provide alternate addresses or addresses of record in lieu of residential addresses. Phone numbers will be redacted prior to publication in Board meeting materials to protect an applicant’s privacy.

PLEASE READ THIS APPLICATION IN ITS ENTIRETY.

COUNCIL COMPOSITION: The Dental Assisting Council is a seven member council created pursuant to Section 1742 of the Business and Professions Code. The members of the Council are appointed by the Board and shall include the registered dental assistant member of the Board, another member of the Board, and five registered dental assistants.

RESPONSIBILITIES: The Council is to consider all matters relating to dental assistants in California and will make appropriate recommendations to the Board and the standing committees of the Board including, but not limited to, the following areas:

- Requirements for dental assistant examination, licensure, permitting, and renewal.
- Standards and criteria for approval of dental assisting educational programs, courses, and continuing education.
- Allowable dental assistant duties, settings, and supervision levels.
- Appropriate standards of conduct and enforcement for dental assistants.
- Requirements regarding infection control.
QUALIFICATIONS: The Board will consider applications to appoint five (5) members to the Council. Applicants must meet the following minimum requirements to be eligible for appointment.

Two (2) of those members shall be employed as faculty members of a registered dental assisting educational program approved by the Board, and shall have been so employed for at least the prior five years. Three (3) of those members, which shall include one registered dental assistant in extended functions, shall be employed clinically in private dental practice or public safety net or dental health care clinics.

All five members shall have possessed a current and active registered dental assistant or registered dental assistant in extended functions license for at least the prior five years, and shall not be employed by a current member of the Board.

No council appointee shall have served previously on the dental assisting forum or have any financial interest in any registered dental assistant school. Each member shall comply with conflict of interest requirements that apply to Dental Board members. Such requirements include prohibitions against members making, participating in making or in any way attempting to use his or her official position to influence a governmental decision in which he or she knows or has reason to know he or she has a financial interest. Any council member who has a financial interest shall disqualify him or herself from making or attempting to use his or her official position to influence the decision. (Gov. Code, § 87100.)

All final candidate qualifications and applications for Board-appointed council members shall be made available in the published Board materials with final candidate selection conducted during the normal business of the Board during public meetings.

TERM OF OFFICE: Each member shall serve for a term of four years.

TRAVEL: The Council will meet approximately four times per year in conjunction with other board committees, and at other times as deemed necessary. Expenses incurred in the performance of official duties are reimbursed by the Dental Board of California in accordance with the Pocket Travel Guide published by the Office of Administrative Services, Accounts Payable Unit of the Department of Consumer Affairs. Council members receive $100 for each day actually spent in the discharge of official duties, as determined by the Board (Business and Professions Code section 103).

OTHER TIME COMMITMENTS: Council members shall be required to participate in Ethics Orientation, Sexual Harassment Prevention Training and Board Member Orientation Training, and prepare and submit a financial disclosure statement that is filed with the Fair Political Practices Committee entitled “Form 700, Statement of Economic Interests.”

In order to assist the Board in determining eligibility for appointment to the Council, please answer the following questions:

1. Have you received a recommendation from any incorporated, nonprofit professional society, association, or entity whose membership is comprised of registered dental assistants within the state? If so please, please indicate which organization in the space below and provide a copy of such recommendation with this application.

   NO
2. Have you been a faculty member of a registered dental assisting educational program approved by the Board for the past 5 years? If so, please provide the name and address of the program and dates of employment in the space below.
   Yes 3/91 - current
   Eden Area Regional Occupational Program
   30110 Hesperian Blvd, Hayward, CA 94545

3. Are you currently employed in a clinical position in a private practice, public safety net clinic, or dental health care clinic? If so, please provide the name and address of the facility by which you are employed in the space below.
   No

4. Have you maintained a current and active RDA or RDAEF license for the past 5 years? Yes or No (please circle one)

5. Are you employed by a current member of the Dental Board? Yes or No (please circle one)

6. Have you served on the Dental Assisting Forum? Yes or No (please circle one)

7. Do you have a financial interest in any registered dental assisting school? Yes or No (please circle one). If yes, please indicate the name of the school in the space below and describe the nature of the financial interest (attach additional sheets if necessary).

8. Are you willing to comply with conflict of interest requirements that apply to board members? Yes or No (please circle one)

In a cover letter, please write a brief statement indicating why you wish to serve as a member of the Council.

Employment references, not to exceed three (3), will be accepted but are not required.

An interview may be conducted as part of the application process.

MEMORANDUM

DATE    May 15, 2014
TO      Dental Board Members
FROM    Sarah Wallace, Assistant Executive Officer
SUBJECT Agenda Item 17(A): Discussion and Possible Action to Reconsider Promulgation of a Regulation to Delegate Authority to the Executive Officer Regarding Stipulated Settlements to Revoke or Surrender a License

Background:
The Dental Board of California (Board) has been asked by Senate Business, Professions and Economic Develop Committee (Committee) staff to revisit the discussion on delegating authority to the Board’s Executive Officer regarding stipulated settlement to revoke or surrender a license. The Board originally discussed promulgating a regulation to require revocation for sexual misconduct as part of its discussions to implement the provisions of Senate Bill 1111 from the 2009-10 Legislative Session; however, the Board rejected the language because of concern with due process. The Board was concerned because it would essentially allow the person who charged the licensee with the accusation to be able to decide the penalty.

History of the DBC’s Discussion Re: Revocation for Sexual Misconduct:
During the May 6, 2010 Dental Board meeting, a representative from the Department of Consumer Affairs (Department) stated that Senate Bill 1111, which carried the goals of the Consumer Protection Enforcement Initiative (CPEI), was heard before the Senate Business and Professions Committee and died in that committee. In the absence of SB 1111, the Department requested that boards review the goals and initiate rulemakings to adopt many of the provisions of that bill through regulations. A list of nine items that the Department felt could be accomplished through regulations was distributed. During the July 26, 2010 meeting, the Board reviewed possible regulatory language to address several of the provisions contained in SB 1111.

As it relates specifically to delegating authority to the Board’s Executive Officer, the Board was asked to promulgate a regulation that would permit the Board to delegate to the Executive Officer the authority to adopt a stipulated settlement if an action to revoke a license has been filed and the licensee agrees to surrender the license, without requiring the Board to vote to adopt the settlement. At the July 2010 meeting, the Board discussed consideration of the following regulatory language:
Amend Section 1001 of Division 10 of Title 16 of the California Code of Regulations to read:

§ 1001. Delegation to Board’s Executive Officer.
(a) It shall be the duty of the Board’s executive officer to plan, direct and organize the work of the staff; attend Board meetings and hearings; consult with and make recommendations to the Board; dictate correspondence; attend committee meetings of various organizations and associations; assist in compiling examination material; attend examinations and assist in conducting the examinations; notify applicants of their success or failure on examinations; and prepare reports and direct and supervise the field investigators concerning enforcement of the Act.

(b) The power and discretion conferred by law upon the board to initiate, review and prosecute accusations and statements of issues pursuant to Sections 11500 through 11528 of the Government Code and to approve settlement agreements for the revocation, surrender or interim suspension of a license are hereby delegated to and conferred upon the board’s executive officer or in the absence thereof, the assistant executive officer.

The Board rejected this language because of aforementioned reasons. However, upon further research and discussion, staff believes that this would not be a due process issue and recommends that the Board reconsider initiation of a rulemaking to expedite the enforcement process. Board Legal Counsel has also recommended that the Board reconsider the issue.

Staff Recommended Amendments to California Code of Regulations, Title 16, Section 1001:
Staff recommends the Board consider the following amendments to the California Code of Regulations, Title 16, Section 1001 as it relates to delegation to the Board’s Executive Officer:

§ 1001. Delegation to Board’s Executive Officer.
(a) It shall be the duty of the Board’s executive officer to plan, direct and organize the work of the staff; attend Board meetings and hearings; consult with and make recommendations to the Board; dictate correspondence; attend committee meetings of various organizations and associations; assist in compiling examination material; attend examinations and assist in conducting the examinations; notify applicants of their success or failure on examinations; and prepare reports and direct and supervise the field investigators concerning enforcement of the Act.

(b) The power and discretion conferred by law upon the board to initiate, review
and prosecute accusations and statements of issues pursuant to Sections 11500 through 11528 of the Government Code and to approve settlement agreements for the revocation, surrender or interim suspension of a license are hereby delegated to and conferred upon the board’s executive officer or in the absence thereof, the assistant executive officer.

**Action Requested:**
The Board may discuss reconsideration of initiation of a rulemaking.

SUBJECT Agenda Item 17(B): Discussion and Possible Action to Initiate a Rulemaking to Amend California Code of Regulations, Title 16, Section 1001 Relating to Delegation of Authority to the Executive Officer Regarding Stipulated Settlements to Revoke or Surrender a License

Background:
Pending the Board’s discussion of reconsidering promulgating a regulation to delegate to the Executive Officer the authority to adopt a stipulated settlement if an action to revoke a license has been filed and the licensee agrees to surrender the license, without requiring the Board to vote to adopt the settlement, the Board may take action to initiate a rulemaking.

Action Requested:
If the Board decides to initiate a rulemaking, then the following action would be taken:

- Approve the proposed regulatory language relevant to revocation for sexual misconduct and direct staff to take all steps necessary to initiate the formal rulemaking process, including noticing the proposed language for 45-day public comment, setting the proposed language for a public hearing, and authorize the Executive Officer to make any non-substantive changes to the rulemaking package. If after the close of the 45-day public comment period and public regulatory hearing, no adverse comments are received, authorize the Executive Officer to make any non-substantive changes to the proposed regulations before completing the rulemaking process, and adopt the proposed amendments to California Code of Regulations, Title 16, Section 1001 as noticed in the proposed text.

FROM Kim Trefry, Enforcement Chief

SUBJECT Agenda Item 18: Prescription Drug Abuse Summit

On Wednesday, May 7, 2014, Board President Fran Burton and I attended a Bay Area Prescription Drug Abuse Summit hosted by U.S. Attorney Melinda Haag in partnership with local city and county District Attorney offices, the Drug Enforcement Administration (DEA), Department of Justice (DOJ), and several other organizations involved in the battle against drug addiction. The Medical Board of California and Pharmacy Board were also in attendance.

The Summit emphasized the devastating impact that prescription drug abuse is having in our communities, and how dispensing practices along with accessibility has contributed to this epidemic.

From an enforcement perspective, there were some take-aways that I would like to share with the board members for future discussion and/or possible action:

Pain Guidelines for Dental Prescribers
Presently, the Medical Board of California has provided its licensees with the “Guidelines for Prescribing Controlled Substances for Pain.” These guidelines provide clear expectations to prescribers regarding their role in deciding to prescribe opioids for pain control to their patients as well as follow-up after treatment has been provided.

The board may wish to consider adopting these guidelines or establishing similar guidelines of their own.

Expanding our Continuing Education (CE) Requirements
During the Summit, medical experts in the substance abuse treatment field testified that on average, physicians and dentists receive 11 hours of instruction in pain control during their entire medical training. It was suggested that this initial education may be inadequate to address pain management or recognize drug-seeking behavior within the growing problem of opioid addiction in our society.
During the conference, many practitioners admitted that they may not be comfortable asking patients if they are using illicit drugs or *misusing* prescription drugs. Experts in substance abuse provided examples of ways our practitioners can question patients without causing patients to feel put on the spot. For example, asking if they have anyone in their family with a history of drug or alcohol abuse (a strong indicator that the patient could be pre-disposed to abuse). Are there teenagers in the home (a strong reason to consider non-opioid alternatives)? Do you have a high (or low) tolerance for opioids? What other medications are you currently taking?

In California, most licensed physicians are required to take, as a one-time requirement, 12 hours of CE on pain management and the appropriate care and treatment of the terminally ill. At present, the dental board has no similar requirements.

Adopting a CE requirement that addresses pain management and substance abuse may contribute to the reduction of overprescribing and the misuse of prescription drugs.

**In-Office Dispensing Protocols**

During a panel discussion that President Burton participated on, the question was raised regarding how often practitioners dispense from their offices. The Medical Board response suggested that the practice was relatively rare, with most prescribers using pharmacies to dispense. From my experience, I believe there may be a number of licensees in the dental field that dispense controlled substances from their practices. It may be valuable to the board to know how often this occurs among our licensees. Without appropriate record-keeping and security in place, this practice lends itself to higher risk of theft by licensees, employees, and others.

As suggested with pain management, the board may wish to develop a policy statement on in-office dispensing or consider issuing guidelines for licensees to follow.

SUBJECT    Agenda Item 19: Discussion and Possible Action on Staff Update on the Dental Hygiene Committee of California’s (DHCC) Regulatory Proposal to Adopt California Code of Regulations, Title 16, §§ 1103, 1105, 1105.1, 1105.2, 1105.3, 1105.4, and 1106 Relative to Educational Program Requirements

Background:
The Dental Board of California (Board) met on April 9, 2014 to review and discuss the Dental Hygiene Committee of California’s (Committee) regulatory proposal relative to dental hygiene educational program requirements and discussed issues with the proposal relating to dental hygiene scope of practice. The Board directed staff to submit a letter commenting on those issues to the Committee before the close of the regulatory proposal’s 45-day public comment period.

The Committee held a meeting on May 2-3, 2014 and considered comments received during the public comment period and the regulatory hearing. The Committee considered their staff’s recommended responses to comments and took action to modify the text in response to some of those comments. The Committee anticipates noticing the modified text for 15-day public comment in the near future.

This memo serves as an update on the Committee’s consideration of the Board’s comments. Board staff will provide a copy of the Committee’s proposed modified text as soon as it becomes available.

Update on the Committee’s Response to the Board’s Comments:
The Board submitted the attached letter to the Committee on April 15, 2014. The following is a summary of the Board’s comment accompanied by the Committee’s response given at its May 2, 2013 meeting.

Board Comments Regarding Section 1103. Definitions:
As proposed in Section 1103(j), “dental hygiene process of care” has been defined as “…the application of scientific, evidence-based knowledge in the identification and treatment of actual or potential patient health problems. The dental hygiene process of
care includes assessment, dental hygiene diagnosis, planning and outcome identification, implementation, evaluation and documentation, and will serve as the accepted professional standard for decision making.”

According to the proposal’s Initial Statement of Reasons (ISOR), this definition is applicable to the educational programs that are approved or apply for approval to teach dental hygiene and is intended to inform students, instructors, and educational programs of the elements of the dental hygiene process of care that must be contained in all approved Registered Dental Hygiene (RDH) programs. The ISOR provides that this definition is necessary because educational programs need to know that these elements are required of all Committee-approved RDH educational programs and students need to be cognizant of the elements that an approved educational program must contain in order to learn to perform all of the functions of current dental hygiene practice.

Pursuant to Business and Professions Code (Code) Section 1908, the practice of dental hygiene includes dental hygiene assessment and development, planning, and implementation of a dental hygiene care plan. It also includes oral health education, counseling, and health screenings. The practice of dental hygiene does not include diagnosis and comprehensive treatment planning.

Since Code Section 1908 specifically states that diagnosis and comprehensive treatment planning are not included procedures in the practice of dental hygiene, the Board recommends that the Committee amend the language to delete references to “diagnosis” and replace with a term such as “assessment” or “evaluation” so as not to exceed the authority vested in Code Section 1908.

Additionally, the phrase: “identification and treatment of actual or potential patient health problems” seems vague and could potentially be perceived to expand the dental hygiene scope of practice. The Board recommends that the Committee amend the language to maintain consistency with Code Sections 1907, 1908, and 1914.

Committee’s Response:
The Committee rejected the Board’s comments related to replacing the term “diagnosis” with “assessment” or “evaluation”. According to Committee staff, the term “diagnosis” is used in these regulations exclusively pertaining to education, and since 1986, dental hygiene diagnosis has been part of instruction in the dental hygiene process of care and included in textbooks, education, and is required for the national exam. Successful passage of the Dental Hygiene National Board Examination is required for California licensure. If not taught in dental hygiene educational programs, students would be unable to pass the exam that is required for licensure. These regulations do not define scope of practice but rather specify what is taught in dental hygienist educational programs. Students need to be instructed in the continuum of the dental hygiene process of care, which includes dental hygiene diagnosis. However, the Committee added the following text to clarify subsection 1103(j) in response to a comment received from the California Dental Association (CDA).

“The dental hygiene diagnosis is a component of the overall dental diagnosis. It is the identification of an existing or potential oral health problem that a dental
The Committee accepted the Board’s comments to amend the language in subsection 1103 (j) to provide consistency with Business and Professions Code Sections 1907, 1908, and 1914 and voted to clarify the text by adding “as related to oral health” at the end of the first sentence after “problems” as follows:

(j) “Dental hygiene process of care” means the application of scientific, evidence-based knowledge in the identification and treatment of actual or potential patient health problems as related to oral health.

Board Comments Regarding Section 1105. Requirements for RDH Educational Programs:
As proposed in Section 1105(b)(5), RDH educational program instruction involving procedures that require supervision by a dentist are required to be supervised by a faculty dentist who possesses an active California license or special permit with no disciplinary action.

The Board assumes that an educational program would be required to follow the same supervision requirements provided in Code Sections 1909, 1910, and 1912. However, since the proposed language does not specify whether the supervision is “general” or “direct”, the Board recommends that the Committee amend section 1105(b)(5) to clarify whether the requirements contained in Code Sections 1909, 1910, and 1912 must also be followed in an educational setting.

Committee’s Response:
The Committee accepted the Board’s comment and clarified the text by adding “direct” before supervision. Since direct supervision is defined as being by a dentist, the unnecessary text was struck, as follows:

(5) Instruction involving procedures that require direct supervision by a dentist shall be supervised by a faculty dentist who possesses an active California license or special permit with no disciplinary actions.

Board Comments Regarding Section 1106. Radiation Safety Certificate:
As proposed in Section 1106(b), a dental hygiene student or graduate who has received certification from an educational program approved by the Committee would be authorized to operate dental radiographic equipment, including the determination of radiographs, for the purpose of oral radiography.

Code Section 1684.5 specifies that it is unprofessional conduct for any dentist to perform or allow to be performed any treatment on a patient who is not a patient of record of that dentist. A dentist may, however, after conducting a preliminary oral examination, require or permit any dental auxiliary to perform procedures necessary for diagnostic purposes, provided that the procedures are permitted under the auxiliary’s authorized scope of practice. Additionally, a dentist may require or permit a dental auxiliary to perform all of the following duties prior to any examination of the patient by...
the dentist, provided that the duties are authorized for the particular classification of dental auxiliary:

(1) Expose emergency radiographs upon direction of the dentist.

(2) Perform extra-oral duties or functions specified by the dentist.

Perform mouth-mirror inspections of the oral cavity, to include charting of obvious lesions, malocclusions, existing restorations, and missing teeth.

Committee’s Response:
The Committee accepted the Board’s comment and modified the text to strike the phrase “determination of radiographs”.

Subject: Regulatory Proposal to Adopt §§ 1103, 1105, 1105.1, 1105.2, 1105.3, 1105.4, and 1106 of Division 11 of Title 16 of the California Code of Regulations

Dear Ms. Hubble:

The Dental Board of California (Board) appreciates the opportunity to comment on the Dental Hygiene Committee of California’s (Committee) regulatory proposal relative to dental hygiene educational program requirements. The Board reviewed this regulatory proposal at its April 9, 2014 teleconference meeting and discussed issues with the proposal relating to dental hygiene scope of practice.

The Board appreciates the Committee’s devotion in the promulgation of its regulatory proposals and understands the laborious work involved in the culmination of such proposals. However, given the close working relationships between the dentists licensed by the Board and the hygienists licensed by the Committee, there are times when further consideration of scope of practice issues are warranted to maintain consistency with practice standards and to provide clarity to patients as to what procedures our licensees may perform pursuant to the Dental Practice Act (Act); likewise, it is important that the dental hygiene educational programs provide instruction that is consistent with the provisions of the Act.

Specifically, the Board has the following comments regarding this proposal:

Section 1103. Definitions:
As proposed in Section 1103(j), “dental hygiene process of care” has been defined as “...the application of scientific, evidence-based knowledge in the identification and treatment of actual or potential patient health problems. The dental hygiene process of care includes assessment, dental hygiene diagnosis, planning and outcome identification, implementation, evaluation and documentation, and will serve as the accepted professional standard for decision making.”

According to the proposal’s Initial Statement of Reasons (ISOR), this definition is applicable to the educational programs that are approved or apply for approval to teach dental hygiene and is intended to inform students, instructors, and educational programs of the elements of the dental hygiene process of care that must be contained in all approved Registered
Dental Hygiene (RDH) programs. The ISOR provides that this definition is necessary because educational programs need to know that these elements are required of all Committee-approved RDH educational programs and students need to be cognizant of the elements that an approved educational program must contain in order to learn to perform all of the functions of current dental hygiene practice.

Pursuant to Code Section 1908, the practice of dental hygiene includes dental hygiene assessment and development, planning, and implementation of a dental hygiene care plan. It also includes oral health education, counseling, and health screenings. The practice of dental hygiene does not include diagnosis and comprehensive treatment planning.

Since Code Section 1908 specifically states that diagnosis and comprehensive treatment planning are not included procedures in the practice of dental hygiene, the Board recommends that the Committee amend the language to delete references to "diagnosis" and replace with a term such as "assessment" or "evaluation" so as not to exceed the authority vested in Code Section 1908.

Additionally, the phrase: "identification and treatment of actual or potential patient health problems" seems vague and could potentially be perceived to expand the dental hygiene scope of practice. The Board recommends that the Committee amend the language to maintain consistency with Code Sections 1907, 1908, and 1914.

Section 1105. Requirements for RDH Educational Programs:
As proposed in Section 1105(b)(5), RDH educational program instruction involving procedures that require supervision by a dentist are required to be supervised by a faculty dentist who possesses an active California license or special permit with no disciplinary action.

The Board assumes that an educational program would be required to follow the same supervision requirements provided in Code Sections 1909, 1910, and 1912. However, since the proposed language does not specify whether the supervision is "general" or "direct", the Board recommends that the Committee amend section 1105(b)(5) to clarify whether the requirements contained in Code Sections 1909, 1910, and 1912 must also be followed in an educational setting.

Section 1106. Radiation Safety Certificate:
As proposed in Section 1106(b), a dental hygiene student or graduate who has received certification from an educational program approved by the Committee would be authorized to operate dental radiographic equipment, including the determination of radiographs, for the purpose of oral radiography.

Code Section 1684.5 specifies that it is unprofessional conduct for any dentist to perform or allow to be performed any treatment on a patient who is not a patient of record of that dentist. A dentist may, however, after conducting a preliminary oral examination, require or permit any dental auxiliary to perform procedures necessary for diagnostic purposes, provided that the procedures are permitted under the auxiliary's authorized scope of practice. Additionally, a dentist may require or permit a dental auxiliary to perform all of the following duties prior to any examination of the patient by the dentist, provided that the duties are authorized for the particular classification of dental auxiliary:

1) Expose emergency radiographs upon direction of the dentist.
(2) Perform extra-oral duties or functions specified by the dentist.

(3) Perform mouth-mirror inspections of the oral cavity, to include charting of obvious lesions, malocclusions, existing restorations, and missing teeth.

The Board believes that the phrase "determination of radiographs", as it is used within the proposed section 1106(b), is vague and could be perceived to expand the dental hygiene scope of practice. The Board recommends the Committee amend the language to maintain consistency with Code Section 1684.5.

Thank you for the opportunity to provide these comments and the Board looks forward to working collaboratively with the Committee to resolve any future scope of practice issues. Please do not hesitate to contact me or Karen Fischer, the Board’s Executive Officer, if you have any questions.

Respectfully,

Fran Burton, MSW
Board President

ENFORCEMENT
Memorandum

Date: May 12, 2014

To: Dental Board Members

From: Kim Trefry, Enforcement Chief

Subject: Agenda Item 20A: Enforcement Program Status

Uniform Standards Implementation
Since our February 2014 board meeting, the Uniform Standards Related to Substance Abusing Licensees have become effective. The board’s enforcement staff have taken the following actions to ensure its successful implementation:

1) Provided the Attorney General liaison with the Uniform Standard materials to be distributed to their offices statewide. The information was also provided to the Office of Administrative Hearings.
2) Written additional probation guidelines to address the seven new monitoring conditions. This included development of additional probation forms and correspondence templates.
3) Staff Training: Supervisors and managers have met with staff to familiarize them with the new requirements.
4) Identified statewide resource lists that meet the conditions set forth for:
   a. Facilitated Group Support Meetings,
   b. Clinical Diagnostic Evaluation; and
   c. Drug or Alcohol Abuse Treatment Programs

Outreach
On March 7, 2014, Supervising Investigator Theresa Lane and Supervising Deputy Attorney General Greg Salute spoke before the graduating class of the UC San Francisco, School of Dentistry. The two hour presentation provided an overview of the Board, the Board’s enforcement program including Complaint intake, Investigative Analysis, Inspection and Investigation units. In addition, they covered the Top 15 violations we see occurring in the complaints we receive, investigate and prosecute. About 80 graduating students attended.

On March 11, 2014, they provided a similar program at Loma Linda University to nearly 100 third and fourth year dental students.

In addition to the visits with dental students, Ms. Lane provided an overview to Dental Hygiene students at both Loma Linda and the San Joaquin Vocational College.
Enforcement Actions

Unlicensed Activity Convictions
On March 6, 2014 in Orange County, Maria Ayala pleaded guilty to two misdemeanors:
  1. Penal Code section 472, Forgery
  2. Business & Professions Code section 1771, Unlicensed practice
Ayala used a fraudulent RDA license to facilitate her actions working as an RDA. Ayala was sentenced to 30 days in jail (she opted to serve 250 hours of community service in lieu of incarceration) in addition to a $500 fine and three years probation.

On March 27, 2014, Southern California Investigator Monica Ackerson made two arrests on Isidro Gomez and his wife, Sonia Vicencio following an investigation for the unlicensed practice of dentistry (violation of Business & Professions Code section 1701f). The arrests culminated from an undercover operation using our bilingual staff followed by a search warrant at the storefront location. This is Gomez’s second arrest by Dental Board staff.

Gomez pled no contest to the felony and will serve 110 days county jail time. In addition, he was placed on 3 years probation with court costs. Vicencio pled no contest to misdemeanor conspiracy charges. She was placed on 3 years summary probation, given 20 days community service and court fees.

Beverly Hills Dentist Convicted of Insurance Fraud
Tom K. Kalili, DDS, pleaded no contest on April 10, 2014 to one felony count each of insurance fraud and failure to file income tax returns. The dentist was arrested in May 2012 following a multi-year joint investigation by the Department of Insurance, Franchise Tax Board and Dental Board of California investigators. Kalili was sentenced to one year in county jail, and ordered to pay more than $780,000 in restitution. Administrative charges are pending.

Staffing
The Sacramento office filled one of its two Investigator vacancies and has one candidate in the final phase of the hiring process. The Inspector position was filled in late February. All other enforcement units are fully staffed.

Vehicles
The Department’s Vehicle Acquisition Plan has been submitted for approval to Department of General Services. The board is requesting an additional 3 vehicles to augment the increase in positions from the Consumer Protection Enforcement Initiative (CPEI). Currently the board has 15 vehicles shared between 14 sworn Investigator positions, 4 non-sworn Special Investigator positions, and 2 Inspector positions.

I will be available during the Board meeting to answer any questions or concerns you may have.

SUBJECT    Agenda Item 20B: Enforcement Statistics and Trends (Complaints and Investigations)

Attached please find Complaint Intake and Investigation statistics for the previous five fiscal years, and the current fiscal year to date. Below is a summary of some of the program’s trends (as of March 31, 2014):

Complaint & Compliance Unit

Complaints Received
The total number of complaint files received during the third quarter of the fiscal year was 778, averaging 259 per month.

Pending Cases: 944
Average caseload per Consumer Services Analyst (CSA) = 262 complaint cases

Cases Closed:
The total number of complaint files closed between January 1, 2014 and March 31, 2014 was 746, averaging 248 per month. The previous five-year average is 240 closures per month.

The average number of days a complaint took to close within the last year was 117 days (a 62% increase from last year’s average of 72 days). Chart 2 displays the average complaint closure age over the previous five fiscal years.
Investigations

Current Open Caseload:
There are currently approximately 761 open investigative cases, 262 probation cases, and 118 open inspection cases.
Average caseload per full time Investigator = 36.5 (34 in North, 37.5 in South)
Average caseload per Special Investigator = 36
Average caseload per Analyst = 22

Since our last report in February 2014, the number of cases over one year old has increased from 33% to 48%. The number of cases in the oldest category (three years and older) has increased from 10 to 17.

Case Closures:
The total number of investigation cases closed, filed with the AGO or filed with the District/City Attorney during the third quarter of the fiscal year is 218, an average of 72 per month. The previous five-year average was 73 per month. Chart 2 displays the average closure age over the previous five fiscal years.

Of the closures, approximately 12% were referred for criminal action or administrative discipline.

The average number of days an investigation took to complete within the last three months was 400 days. The previous five-year average number of days to close a case is 436 days (refer to Chart 2).

Cases Referred for Discipline:
The total number of cases referred to the AGO’s during the last three months was 22 (approximately seven referrals per month). The three-month average for a disciplinary case to be completed was 1248 days. Chart 2 displays the average closure age over the previous four fiscal years for cases referred for discipline.

I will be available during the Board meeting to answer any questions or concerns you may have.

Agency Statistical Profile (AR)(091)
MEMORANDUM

DATE       May 12, 2014
TO          Dental Board Members
FROM        Kim Trefry, Enforcement Chief
SUBJECT     Agenda Item 20C - Third Quarter Performance Measures

Performance measures are linked directly to an agency's mission, vision and strategic objectives/initiatives. In some cases, each Board, Bureau, and program was allowed to set their individual performance targets, or specific levels of performance against which actual achievement would be compared. In other cases, some standards were established by DCA. As an example, a target of an average of 540 days for the cycle time of formal discipline cases was set by the previous Director. Data is collected quarterly and reported on the Department's website at:
http://www.dca.ca.gov/about_dca/cpei/index.shtml

Q3 (January – March 2014)
PM1 - Volume: 943 Total (778 Consumer complaints, 165 Conviction reports)
Number of complaints and convictions received per quarter

Cycle Time:
- PM2 Intake - Target: 10 Days       Q3 Average: 9 Days
  Average cycle time from complaint receipt, to the date the complaint was acknowledged and assigned to an analyst in the Complaint Unit for processing (This 10 day time frame is mandated by Business and Professions Code section 129 (b));

- PM3 Intake & Investigation - Target: 270 Days       Q3 Average: 179 Days
  Average time from complaint receipt to closure of the investigation process (does not include cases sent to the Attorney General (AG) or other forms of formal discipline);
• **PM4 Formal Discipline - Target: 540 Days**  
  **Q3 Average: 1,206 Days**  
  Average number of days to complete the entire enforcement process for cases resulting in formal discipline (Includes intake and investigation by the Board, and prosecution by the AG);

  A number of factors (both internally and externally) can contribute to case aging at the Attorney General's office. Board actions which may extend case aging include when additional investigations are combined with a pending accusation and can set back the overall time to resolve. Amending an accusation or requesting additional expert opinions can also cause delays in case adjudication. Other matters are outside the control of the Board and include: availability of hearing dates, continuance of hearing dates, changes to opposing party counsel, and requests for a change of venue.

• **PM7 Probation Intake – Target: 10 Days**  
  **Q3 Average: 25 Days**  
  Average number of days from monitor assignment, to the date the monitor makes first contact with the probationer; and

  Probation Intake measures the time between when the probation monitor is assigned the case file and the date they meet with their assigned probationer to review monitoring terms and conditions. The Board’s probation monitors are assigned a case file within a few days of the probationary order being signed. Monitors attempt to schedule their initial meeting on or soon after the effective date of the decision; thereby resulting in a 10 – 20 day intake average. It should also be noted that in some cases, probation monitoring may not take place until an applicant has completed all their licensing requirements, or returned to California (if the applicant is out-of-state). These exceptions may skew this average.

• **PM8 Probation Violation Response – Target: 10 Days**  
  **Q3 Average: 13**  
  Average number of days from the date a violation of probation is reported, to the date the assigned monitor initiates appropriate action.

  In general, once a violation is discovered, the decision to take action is made immediately. However, the monitor must collect any supporting evidence (arrest/conviction records, positive drug test results) and write a report documenting the event. Once the report is referred for discipline, “appropriate action” has been initiated and the clock stops. Factors which may affect the turnaround time on this measure include how the violation is reported; (incoming complaints or arrest/conviction reports from the Department of Justice may take several days to be processed) and how quickly the monitor can write up and file the violation.
To ensure stakeholders can review the Board’s progress toward meeting its enforcement goals and targets, we have developed a transparent system of performance measurement. These measures will be posted publicly on a quarterly basis.

*Approximate schedule for May/June

There is a great need for conscious sedation evaluators throughout California. Several evaluations have been postponed recently due to a lack of available evaluators. The Board is actively recruiting for the evaluation program.
