BUSINESS AND PROFESSIONS CODE
SECTION 1638.1

1638. (a) For purposes of this article, "oral and maxillofacial surgery" means the diagnosis and surgical and adjunctive treatment of diseases, injuries, and defects which involve both functional and esthetic aspects of the hard and soft tissues of the oral and maxillofacial region.

(b) Any person licensed under the Medical Practice Act (Chapter 5 (commencing with Section 2000)) as a physician and surgeon who possesses, or possessed, a license to practice dentistry in another state, but is not licensed to practice dentistry under this chapter may apply to the board on a form prescribed by the board for an oral and maxillofacial surgery permit.

(c) The board may issue an oral and maxillofacial surgery permit to an applicant who has furnished evidence satisfactory to the board that he or she is currently certified or eligible for certification in oral and maxillofacial surgery by a specialty board recognized by the Commission on Accreditation of the American Dental Association and holds a current license in good standing to practice medicine in the state.

(d) An application shall be accompanied by an application fee of one hundred fifty dollars (\$150) and two classifiable sets of fingerprints on forms provided by the board.

1638.1. (a) (1) A person licensed pursuant to Section 1634 who wishes to perform elective facial cosmetic surgery shall first apply for and receive a permit to perform elective facial cosmetic surgery from the board.

(2) A permit issued pursuant to this section shall be valid for a period of two years and must be renewed by the permitholder at the time his or her license is renewed. Every six years, prior to renewal of the permitholder's license and permit, the permitholder shall submit evidence acceptable to the credentialing committee that he or she has maintained continued competence to perform the procedures authorized by the permit. The credentialing committee may limit a permit consistent with paragraph (1) of subdivision (e) if it is not satisfied that the permitholder has established continued competence.

(b) The board may adopt regulations for the issuance of the permit that it deems necessary to protect the health, safety, and welfare of the public.

(c) A licensee may obtain a permit to perform elective facial cosmetic surgery by furnishing all of the following information on an application form approved by the board:

(1) Proof of successful completion of an oral and maxillofacial

surgery residency program accredited by the Commission on Dental Accreditation of the American Dental Association.

(2) Proof that the applicant has satisfied the criteria specified in either subparagraph (A) or (B):

(A) (i) Is certified, or is a candidate for certification, by the American Board of Oral and Maxillofacial Surgery.

(ii) Submits to the board a letter from the program director of the accredited residency program, or from the director of a postresidency fellowship program accredited by the Commission on Dental Accreditation of the American Dental Association, stating that the licensee has the education, training, and competence necessary to perform the surgical procedures that the licensee has notified the board he or she intends to perform.

(iii) Submits documentation to the board of at least 10 operative reports from residency training or proctored procedures that are representative of procedures that the licensee intends to perform from both of the following categories:

(I) Cosmetic contouring of the osteocartilaginous facial structure, which may include, but is not limited to, rhinoplasty and otoplasty.

(II) Cosmetic soft tissue contouring or rejuvenation, which may include, but is not limited to, facelift, blepharoplasty, facial skin resurfacing, or lip augmentation.

(iv) Submits documentation to the board showing the surgical privileges the applicant possesses at any licensed general acute care hospital and any licensed outpatient surgical facility in this state.

(B) (i) Has been granted privileges by the medical staff at a licensed general acute care hospital to perform the surgical procedures set forth in paragraph (A) at that hospital.

(ii) Submits to the board the documentation described in clause (iii) of subparagraph (A).

(3) Proof that the applicant is on active status on the staff of a general acute care hospital and maintains the necessary privileges based on the bylaws of the hospital to maintain that status.

(d) The application shall be accompanied by an application fee of five hundred dollars (\$500) for an initial permit. The fee to renew a permit shall be two hundred dollars (\$200).

(e) (1) The board shall appoint a credentialing committee to review the qualifications of each applicant for a permit. Upon completion of the review of an applicant, the committee shall make a recommendation to the board on whether to issue or not issue a permit to the applicant. The permit may be unqualified, entitling the permitholder to perform any facial cosmetic surgical procedure authorized by this section, or it may contain limitations if the

credentialing committee is not satisfied that the applicant has the training or competence to perform certain classes of procedures, or if the applicant has not requested to be permitted for all procedures authorized by this section.

(2) The credentialing committee shall be comprised of five members, as follows:

(A) A physician and surgeon with a specialty in plastic and reconstructive surgery who maintains active status on the staff of a licensed general acute care hospital in this state.

(B) A physician and surgeon with a specialty in otolaryngology who maintains active status on the staff of a licensed general acute care hospital in this state.

(C) Three oral and maxillofacial surgeons licensed by the board who are board certified by the American Board of Oral and Maxillofacial Surgeons, and who maintain active status on the staff of a licensed general acute care hospital in this state, at least one of whom shall be licensed as a physician and surgeon in this state. Two years after the effective date of this section, any oral and maxillofacial surgeon appointed to the committee who is not licensed as a physician and surgeon shall hold a permit pursuant to this section.

(3) The board shall solicit from the following organizations input and recommendations regarding members to be appointed to the credentialing committee:

(A) The Medical Board of California.

(B) The California Dental Association.

(C) The California Association of Oral and Maxillofacial Surgeons.

(D) The California Medical Association.

(E) The California Society of Plastic Surgeons.

(F) Any other source that the board deems appropriate.

(4) The credentialing committee shall meet at a time and place directed by the board to evaluate applicants for permits. A quorum of three members shall be required for the committee to consider applicants and make recommendations to the board.

(f) A licensee may not perform any elective, facial cosmetic surgical procedure except at a general acute care hospital, a licensed outpatient surgical facility, or an outpatient surgical facility accredited by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO), the American Association for Ambulatory Health Care (AAAHC), the Medicare program, or an accreditation agency approved by the Medical Board of California pursuant to subdivision (g) of Section 1248.1 of the Health and Safety Code.

(g) For purposes of this section, the following terms shall have the following meanings:

(1) "Elective cosmetic surgery" means any procedure defined as cosmetic surgery in subdivision (d) of Section 1367.63 of the Health and Safety Code, and excludes any procedure that constitutes reconstructive surgery, as defined in subdivision (c) of Section 1367.63 of the Health and Safety Code.

(2) "Facial" means those regions of the human body described in Section 1625 and in any regulations adopted pursuant to that section by the board.

(h) A holder of a permit issued pursuant to this section shall not perform elective facial cosmetic surgical procedures unless he or she has malpractice insurance or other financial security protection that would satisfy the requirements of Section 2216.2 and any regulations adopted thereunder.

(i) A holder of a permit shall comply with the requirements of subparagraph (D) of paragraph (2) of subdivision (a) of Section 1248.15 of the Health and Safety Code, and the reporting requirements specified in Section 2240, with respect to any surgical procedure authorized by this section, in the same manner as a physician and surgeon.

(j) Any violation of this section constitutes unprofessional conduct and is grounds for the revocation or suspension of the person's permit, license, or both, or the person may be reprimanded or placed on probation. Proceedings initiated by the board under this section shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the board shall have all the powers granted therein.

(k) On or before January 1, 2009, and every four years thereafter, the board shall report to the Joint Committee on Boards, Commissions and Consumer Protection on all of the following:

(1) The number of persons licensed pursuant to Section 1634 who apply to receive a permit to perform elective facial cosmetic surgery from the board pursuant to subdivision (a).

(2) The recommendations of the credentialing committee to the board.

(3) The board's action on recommendations received by the credentialing committee.

(4) The number of persons receiving a permit from the board to perform elective facial cosmetic surgery.

(5) The number of complaints filed by or on behalf of patients who have received elective facial cosmetic surgery by persons who have received a permit from the board to perform elective facial cosmetic surgery.

(6) Action taken by the board resulting from complaints filed by or on behalf of patients who have received elective facial cosmetic

surgery by persons who have received a permit from the board to perform elective facial cosmetic surgery.

1638.2 (a) Notwithstanding any other provision of law, a person licensed pursuant to Section 1634 who holds a permit to perform elective facial cosmetic surgery issued pursuant to this article may not perform elective facial cosmetic surgery on a patient, unless the patient has received, within 30 days prior to the elective facial cosmetic surgery procedure, and confirmed as up-to-date on the day of the procedure, an appropriate physical examination by, and written clearance for the procedure from, either of the following:

(1) A licensed physician and surgeon.

(2) A person licensed pursuant to Section 1634 who holds a permit to perform elective facial cosmetic surgery issued pursuant to this article.

(b) The physical examination described in subdivision (a) shall include the taking of an appropriate medical history.

(c) An appropriate medical history and physical examination done on the day of the procedure shall be presumed to be in compliance with subdivisions (a) and (b).

(d) A violation of this section shall not constitute a crime.

1638.3 (a) The fee to renew an oral and maxillofacial surgery permit shall be the same as that for renewal of a dental license as determined under Section 1724.

(b) Every provision of this chapter applicable to a person licensed to practice dentistry shall apply to a person to whom a special permit is issued under this article.

1638.5 An oral and maxillofacial surgery permit shall be automatically suspended for any period of time during which the holder does not possess a current valid license to practice medicine in this state.

1638.7 The next occupational analysis of dental licensees and oral and maxillofacial facial surgeons pursuant to Section 139 shall include a survey of the training and practices of oral and maxillofacial surgeons and, upon completion of that analysis, a report shall be made to the Joint Committee on Boards, Commissions, and Consumer Protection regarding the findings.

AGENDA ITEM 1 - Approval of April 16, 2014 Meeting Minutes

M/S (Gallia/Scheer) to accept the minutes of the April 16, 2014 meeting. By roll call, vote the minutes were approved unanimously.

AGENDA ITEM 2 – Staff Report

Mrs. Nellie Forgét informed the Committee that there was nothing new to report on the Elective Facial Cosmetic Surgery (EFCS) Permit application revisions. Staff was working on recommendations and regulatory language changes which would be discussed at this meeting.

Mrs. Forgét informed the Committee that the Board approved the Committee's recommendation to issue an EFCS permit to Dr. Daniel S. Witcher at the May 29, 2014 Board meeting. Dr. Witcher was granted a permit for unlimited categories I & II privileges.

Mrs. Forgét also reported that there were currently 27 EFCS permit holders.

Agenda Item 3 : Discussion on Recommended Material to Meet the Six Year Continued Competency Requirement

Mrs. Forgét updated the Committee on the Business and Professions Code Section 1638.1(a)(2) requiring permit holders to submit proof of maintained continued competency every six (6) years. She explained that there were currently three (3) permit holders who have reached or exceeded the six (6) year requirement. Business and Professions Code Section 1638.1(a)(2) does not provide the requirements a permit-holder must meet to establish the continued competency. Staff is asking the Committee to consider possible requirements in order to promulgate regulatory language. Mrs. Forgét reviewed the suggested requirements discussed at past meetings and explained that language was not drafted because the Board did not direct staff to focus on this topic.

Mrs. Sarah Wallace, the Assistant Executive Officer, expanded further, informing the Committee that through the implementation of the Breeze licensure system, which is anticipated to be up and running by next spring, it has become apparent that the Committee needs to implement a process of how permit holders are demonstrating continued competency upon the six (6) year renewal. She emphasized that regulatory language has become necessary because the statute is so vague as it relates to the continued competency at the six (6) year mark that staff feels it is necessary to move forward with promulgating regulatory language.

Mrs. Wallace went on to explain that standard procedure is the Board reviews regulatory priorities every August and establishes priorities for that fiscal year. The regulatory packet process can take anywhere from 18 to 24 months to complete. Therefore, staff requested that the Committee give staff direction to work with legal counsel to draft the proposed regulatory language including the requirements discussed at this meeting. She explained that the drafted language would be reviewed with the Committee at the next meeting in October. Additionally, staff recommended the Board consider the promulgation of regulations to implement, interpret, and make specific Code Section 1638.1(a)(2) requirements at its upcoming August meeting.

Past Committee recommendations on six (6) year continued competency requirement were reviewed. Staff suggestions included a specified number of operative reports to reflect the procedures the licensee is permitted to perform and proof of certification that he or she is on active status on the staff of a general acute care hospital or licensed outpatient surgical facility in California and maintains the necessary privileges based on the bylaws of the hospital to maintain that status. Mrs. Wallace explained that the additional requirements

listed at previous meetings seemed excessive. She opened the discussion up to the Committee to see if they had any additional requirements that they would like to see implemented.

Dr. Peter Scheer stressed that there needs to be a continuing education requirement. Dr. Louis Gallia suggested the continued competency requirement could be completed through many avenues including, CALAMOS, online courses, California Academy of Cosmetic surgery, or other avenues. Mrs. Wallace reminded the Committee that until regulatory language is implemented, the Board could not enforce the continuing education requirement. She clarified that it would take anywhere from 6-18 months before the regulation became effective from the time the Board initiates the rule making.

Dr. Scheer suggested the Committee email amongst each other to come up with parameters and then email staff with suggestions.

Dr. Gallia added that the submission of operative reports for the six year requirement should have limitations so that they reflect only the past six years. Dr. Scheer also recommended a specific number of operative reports be recommended for this requirement. Dr. Gallia stated that ten operative reports would be a good idea considering this is what is required for the initial application process.

There was discussion on whether the operative reports requirement would be ten reports total or ten for each category. Staff explained that the current requirement is ten total; not specifying how many must be from what category. The Committee expressed their concern with the current operative reports requirement. Legal counsel suggested the Committee address this issue and any others when working on the regulatory language for the six year requirement.

M/S (Gallia/Scheer) motioned to approved staff's recommendations for the regulatory language to include the following requirements to establish a permit-holder's continued competency:

1. A specified number of operative reports that reflect the procedures the licensee is permitted to perform; and,
2. Proof of certification that he or she is on active status on the staff of a general acute care hospital or licensed outpatient surgical facility in California and maintains the necessary privileges based on the bylaws of the hospital to maintain that status.

By roll call vote, the minutes were approved unanimously.

CLOSED SESSION – Consideration of Elective Facial Cosmetic Surgery Permit Applications

RETURN TO OPEN SESSION - Recommendations to the Dental Board of California Regarding Elective Facial Cosmetic Surgery Permit Applications

Dr. Gallia reported that the Credentialing Committee reviewed one (1) application.

Applicant Dr. M.M.: The Committee decided to recommend to the Board to issue the applicant a Category I permit limited to implants and a category II permit limited to upper and lower blepharoplasty. The applicant currently holds an EFCS permit for Category II - limited to submental liposuction, Botox and fillers, and chemical peels.

Open Session adjourned at 4:20 p.m.

AGENDA ITEM 2 – Staff Report

Mrs. Nellie Forgét informed the Committee that there was nothing new to report on the Elective Facial Cosmetic Surgery (EFCS) Permit application revisions. Staff was working on recommendations and regulatory language changes which would be discussed at the upcoming January meeting.

Mrs. Forgét informed the Committee that the Board approved the Committee's recommendation to issue an EFCS permit to Dr. Michael P. Morrissette a permit for Category I permit limited to implants and a category II permit limited to upper and lower blepharoplasty.

Mrs. Forgét also reported that there were currently 27 EFCS permit holders.

Agenda Item 3 : Update Regarding the Dental Board of California's Regulatory Priorities for Fiscal Year 2014-15 and Prioritization of a Rulemaking Relative to Elective Facial Cosmetic Surgery Permit Application Requirements

Mrs. Sarah Wallace informed the Committee that the Dental Board of California (Board) deemed EFCS regulations as a regulatory priority for 2014/2015. Staff will be working with the Committee and legal counsel to draft language to present to the Committee at an upcoming meeting, tentatively January or April.

Agenda Item 4: Future Meeting Dates

The Committee reviewed the Board meeting dates that were provided. Staff and the Committee chose the following future meeting dates: January 14, 2015, April 8, 2015, July 8, 2015, and October 15, 2015. Staff emphasized the importance of a face-to-face meeting at some point to discuss the regulatory language. The Committee agreed to meet face-to-face at the April 8, 2015 meeting.

CLOSED SESSION – Consideration of Elective Facial Cosmetic Surgery Permit Applications.

RETURN TO OPEN SESSION - Recommendations to the Dental Board of California Regarding Elective Facial Cosmetic Surgery Permit Applications

Dr. Gramins reported that the Credentialing Committee reviewed one (1) application.

Applicant Dr. M.M.: The Committee unanimously agreed to table the application for Dr. M.M. until the applicant submits fully dictated operative reports that demonstrate a broader spectrum of soft tissue cosmetic cases.

Open Session adjourned at 3:26 p.m.

MEMORANDUM

DATE	March 16, 2015
TO	Elective Facial Cosmetic Surgery (EFCS) Permit Credentialing Committee
FROM	Nellie Forgét, Elective Facial Cosmetic Surgery (EFCS) Permit Program Coordinator
SUBJECT	Agenda Item 3: Staff Report

We will be discussing the Elective Facial Cosmetic Surgery (EFCS) Permit application revisions and regulatory language.

The Committee will be reviewing one (1) application at the April 8th meeting.

Currently there are 27 permit holders. A list of these permit holders can be found on the Board's website.

MEMORANDUM

DATE	March 23, 2015
TO	Elective Facial Cosmetic Surgery (EFCS) Permit Credentialing Committee
FROM	Nellie Forgét, Elective Facial Cosmetic Surgery (EFCS) Permit Program Coordinator
SUBJECT	Agenda Item 4: Discussion and Possible Action Concerning Regulatory Language for Elective Facial Cosmetic Surgery (EFCS) Permit Application and Renewal Process

Background:

Pursuant to Code Section 1638.1(a)(2), an EFCS permit that is issued by the Board is valid for a period of two years and is required to be renewed by the permit-holder at the time his or her dental license is renewed. Additionally, every six years, prior to the renewal of the permit-holder's license and permit, the permit-holder is required to submit evidence acceptable to the Committee that he or she has maintained continued competence to perform the procedures authorized by the permit. The Committee is authorized to limit a permit consistent with Code Section 1638.1(e)(1) if it is not satisfied that the permit-holder has established continued competence.

There are 11 EFCS permit-holders that are at or have exceeded the six year mark based on their permit issuance date and expiration date and are due for the Committee's review and determination of continued competence. Since Code Section 1638.1 does not expressly provide the requirements a permit-holder must meet to establish continuing competency, it has become necessary to promulgate a regulation to implement, interpret, and make specific the provisions of Code Section 1638.1 for the purpose of clarifying the necessary requirements that would establish continuing competency for the EFCS permit.

At its August 2014 meeting, the Dental Board of California (Board) deemed the EFCS Permit Regulations a priority for the 2015/2016 fiscal year to implement, interpret, and make specific the requirements of Code Section 1638.1

At its July 9, 2014 meeting, the Committee proposed possible requirements that could be met by a permit-holder for the purpose of determining continued competency. Those requirements included the following:

1. A specified number of operative reports that reflect the procedures the licensee is permitted to perform; and,

2. Proof of certification that he or she is on active status on the staff of a general acute care hospital or licensed outpatient surgical facility in California and maintains the necessary privileges based on the bylaws of the hospital to maintain that status.

At that meeting staff was directed to draft regulatory language for EFCS Permit application and renewal process in compliance with Business and Professions Code (Code) Section 1638.1. A copy of the regulatory language is included with this agenda item.

Staff Recommendation:

Staff requests that the Committee appoint a subcommittee to work with staff on finalizing the proposed regulatory language to forward the package to the Board to initiate the rulemaking process at a future meeting.
